

# Earth Tremors Rock San Francisco

## Damage Light In Strongest Since 1906

SAN FRANCISCO, March 22 (UP)—The strongest earthquake since the 1906 disaster hit the city shortly before noon Friday, swaying skyscrapers like trees in a gale and sending hundreds of panic-stricken office workers fleeing into the streets.

It was followed by a continuing series of tremors throughout the day, topped by a second strong, but brief, jolt at mid-afternoon.

There was no major damage and no reported fatalities, but minor damage was extensive over at least a 200 mile stretch of northern and central California.

**SCORES TREATED**

Dr. Perry Byerly, University of California seismologist, said five minor shocks preceded the major quake which rocked the area at 11:45 a.m., PST, with a 5.5 magnitude on the Richter scale.

The second strong shock was recorded at 3:14 p.m. and had a magnitude between 4.5 and 5. In between, the seismograph recorded more than 32 minor shocks, most of them too weak to be felt except by the delicate instrument.

San Francisco's emergency hospitals reported a score of persons treated for minor injuries and "about 50 women" treated for shock and hysteria.

The second quake caused none of the panic of the first since it was over almost as soon as it

(Continued On Page Five-A)

## Living Costs Hit New Peak, Agency Says

WASHINGTON, March 22 (UP)—The cost of living jumped four tenths of one per cent in February, setting a new record for the sixth straight month, the government reported Friday.

Higher prices for food, housing costs, gasoline, and a number of other items boosted the Bureau of Labor Statistics' consumer price index to 118.7 per cent of average 1947-49 prices. The index stood 3.6 per cent higher than in February, 1946.

**CUTS IN POWER**

The BLS also reported that the cost of living jump brought a slight decline in the buying power of the average factory worker's pay check. It said the increased prices more than offset a small rise in the average factory worker's takehome pay.

However, the increase in the price index meant cost of living pay increases of one to two cents an hour for 135,000 workers mostly in the aircraft industry, whose wage contracts carry escalator clauses tied to the index for February.

**\$74.99 WEEKLY PAY**

The takehome pay average—earnings after federal taxes—for factory workers in February was reported at \$74.99 a week.

The purchasing power of the paycheck stood at 122.3 per cent of the average in the 1947-49 period, two-tenths of one per cent below January.

Food prices rose seven-tenths of one per cent between January and February, the largest monthly increase since last July. Higher prices for pork and poultry were mainly responsible.

A one per cent increase in prices of house furnishings and a continuing rise in home maintenance costs were responsible for housing cost increases.

Other price increases were reported in gasoline and motor oil, tires and repair services, auto insurance rates in some states and railroad fares in eastern and southern states. However, new and used car dealer prices declined.

The only major item in the price index to show a decline was clothing.

**Chill On Way For Weekend**

After a high of 70 on Friday, a cold front will move through the Twin Cities area at approximately noon today, bringing colder weather for the weekend.

You can expect some scattered showers, clearing Saturday night. Sunday will have clear, cool weather.

Arkansas is in for the same type weather for the weekend period.

**QUAKE DAMAGE IN SAN FRANCISCO**

An estimated 1,000 feet of this main road along Lake Merced in San Francisco's west end was broken off by the force of an earthquake and send tumbling into the lake. Below, grocer clerks pick up stock tumbled to the floor during the tremors. It was the worst earthquake in 30 years, and felt over an area of 150 miles. (AP Wirephoto)

## Thousands Of Entries Fail To Break Lock On Jackpot

Thousands of northeast area persons failed in the past week to break the lock leading to the \$250,000 prize in the Monroe Morning World puzzle. The dictionary defines definitely would have more as "encounter" as "to meet suddenly or unexpectedly." This fits GAME, it may or may not be DUST very aptly. As for DUSK, have, for "big" in reference to this is neither an unexpected thing nor does it appear "suddenly."

Next week's jackpot will be worth \$250. Following is a list of the more difficult clues to this week's puzzle solution.

**CLUES ACROSS:**

2. DUST is more apt than a small one. A big GALE

**CROSSWORD PUZZLE SERIES**

**Thousands Of Entries Fail To Break Lock On Jackpot**

Thousands of northeast area persons failed in the past week to break the lock leading to the \$250,000 prize in the Monroe Morning World puzzle. The dictionary defines definitely would have more as "encounter" as "to meet suddenly or unexpectedly." This fits GAME, it may or may not be DUST very aptly. As for DUSK, have, for "big" in reference to this is neither an unexpected thing nor does it appear "suddenly."

Next week's jackpot will be worth \$250. Following is a list of the more difficult clues to this week's puzzle solution.

**CLUES ACROSS:**

2. DUST is more apt than a small one. A big GALE

**CLUES DOWN:**

1. RETARD is better than REWARD. A REWARD doesn't just "happen" — it is the direct outcome of their labors. Much can happen, in the way of misfortune, to RETARD their efforts, of course. REGARD is not good.

14. FIESTA not SIESTA. A SIESTA is something enjoyed everywhere — in every country, not just in some countries. A FIESTA is enjoyed only "in some countries."

16. HEDGE, yes; but a LEDGE may be, say, a natural shelf of rock, impracticable to alter. SEDGE or WEDGE are not ordinarily described as being too "high." The expression "too high" does not fit a KEDGE (anchor) — correctly speaking, in such a case, it would not be "low enough."

19. HEALTH not WEALTH. He is bound to dissipate his HEALTH if he wastes all of his time in gambling joints. But it is possible he may increase his WEALTH by his winnings.

22. DINNER is better than WINNER since the clue says "at once." If a man gives you a tip which turns out to be a winner you will not "greatly appreciate" it "at once" — that is, when he gives it to you but later when

# City, Engineers Balk On Contract

## 4 Face Trial On Gambling Charges Here

Four persons charged with gambling in the early March crackdown launched by Ouachita parish sheriff officials, yesterday pleaded not guilty to the charges in Fourth District Court and their trials were set for April 26.

The four, all out of custody on \$1,000 bonds pleaded not guilty to the counts in the morning session of a heavy court day.

**SLATED TO APPEAR**

Slated to appear in court to face charges on April 26th are Wilds F. Ross, 43, Monroe, operator of the Southside Bar; James R. Shaw, 28, of Fredonia, Tex.; Richard Hampton, 30, of Bastrop; and W. H. Smith, 39, Monroe, operator of the Rainbow Club.

James A. Schaffer, 35, of Carutherville, Mo., also charged with gambling along with Ross, Hampton and Shaw will be arraigned in court next Friday.

Ross also pleaded not guilty to parish charges of failure to close his place of business at midnight. He is presently on a \$250 bond for that charge.

Action on this count will also be taken April 26th.

James P. Hardy pleaded not guilty to two counts of selling beer without a permit from the state. Authorities have charged Hardy with selling beer at the Moonlight Inn and the Little Club without a permit during the month of February.

Four persons were sentenced to the Louisiana state penitentiary on charges ranging from drunk driving to simple burglary.

Drawing a five year sentence on simple burglary charges was

## Burk Denies Role In Election Here

Engineer Jack S. Burk of Baton Rouge last night denied a statement that his firm had participated in the Monroe election of May 1956 and gave an indication of relinquishing its contract with the city.

He charged that the City of Monroe "directed us" in 1955 to proceed with work on the Monroe power plant expansion although a contract was not signed until 1956.

Burk's remarks were in answer to a joint statement issued yesterday by Mayor W. L. (Jack) Howard, the City Council and the Utilities Commission in explaining their request that the contract be dropped.

Burk said he had written Monroe officials that his firm would consider their request "had it been on non-performance and poor quality."

"This present administration feels that it would be an unpopular thing to keep us," Burk said. "Their statement that we took part in the May election is completely untrue."

"Since their request was based on considerations other than quality of service, we did not feel that they were justified in making the request," he said in explaining his firm's position.

He said that the City Council in 1955 (under Coon's administration) voted for work on the expansion of the power plant to be begun by his firm.

"We started work and the contract was not signed until 1956," he said.

When queried on a statement by Monroe officials that T. L. Van Fossen had been employed by his firm and the city during Mayor John Coon's administration, "it's ridiculous," he laughed.

Burk said Van Fossen had worked for his firm for six years, was allowed to work for the city, "at

## Estimated \$600,000 Fee Is At Stake

**By SAM HANNA**  
Staff Writer

Consulting engineers Barnard and Burk, Inc. of Baton Rouge have refused to break a 1956 contract with Monroe city officials grossing the firm an estimated \$600,000 in the expansion of the power plant.

City officials yesterday accused Barnard and Burk of taking an "active and public part" in the past May election when Mayor W. L. (Jack) Howard defeated ex-officio John Coon.

**NEGOTIATIONS**

Negotiations between city officials and the Baton Rouge firm regarding the city's dissatisfaction with the contract have been underway since last November.

An official announcement of the transaction between the city and the engineers was made yesterday after city officials were prompted by a Morning World query.

The statement claimed that the contract "undertook to tie the hands" of the Utilities Commission.

Signed by Mayor Coon on Feb. 14, 1956, the contract hired Barnard and Burk to conduct a study and survey on the construction of the expanded power plant.

It was to be held valid until a bond election was passed. The firm was to have been paid six per cent — five per cent of the actual cost of the construction and one per cent for supervision.

It was estimated that the expansion would cost in the neighborhood of \$10 million.

The bond election had not been held, but the Council and Commission said in the statement that "plans for expanding the plant" would be made.

The discovery may prove to be of vital importance in the treatment of diseases involving red blood cell deficiency, such as anemia, leukemia and some kinds of cancer, the scientists said.

Medical researchers have suspected the existence of the hormone for some time, the scientists said, but this is the first time its location and operations have been established.

**DIRECTOR OF ATOM CENTER**

The discovery was announced by Dr. Leon O. Jacobson, professor of medicine at the university and director of the Atomic Energy Commission's Argonne Cancer Research Hospital.

Jacobson tracked down the hormone with the aid of atomic science and three research assistants, Eugene Goldwasser, Walter Fried and Louis P. Plzak Jr.

He told news conference Friday that the new hormone is called erythropoietin, is produced in the kidneys, and is found in the normal blood of humans and animals.

It is created in response to the body's supply and demand of oxygen, in much the same way the level of blood sugar regulates the production of another hormone, insulin.

**STIMULATES BONE MARROW**

The new hormone's function, Jacobson said, is to stimulate the bone marrow to make red blood cells. These cells carry life-giving oxygen to the tissues of the body.

When the oxygen supply becomes low, Jacobson said, the kidney is triggered to produce more of the hormone, starting a chain reaction leading to the red blood cell production.

Once it is isolated, he said, it will be possible for doctors to inject the hormone into persons suffering from red blood cell deficiencies.

The hormone's life-saving possibilities appear most promising, he said, in the case of uremia, a disease centering in the kidney.

## Jes' Ramblin'

One Monroe native who knew Ramon Magaysay well and with whom he had most intimate relations, was Rear Admiral Hugh H. Goodwin. When assigned by the U. A report of this farewell party which occurred about a year ago, was told in the News-Star last March 19, when Admiral Goodwin visited his father and sister in Monroe.

Here is what Admiral Goodwin said at that time: "The Philippines present the strongest argument in refutation of the slander and calumny that communism is casting on the United States." He gave unlimited praise to Magaysay as president and for

## Hunt Pushed For Abductor Of Two Girls

**DELHI, March 22 (Special) —**North Louisiana law enforcement officers pushed an all-out search tonight for an elusive, middle-aged whisky-sipping man who took two teen-age Madison parish girls on a five-hour ride of terror Thursday night.

Both girls managed to escape from the man after being subjected to his repeated assault attempts.

The pair were identified by sheriff officers as Mrs. Denita Fay Morgan, 19, and Miss Rozelle Dill, 14, both of Quebec, La., in Madison parish.

Sheriff Earl Hill of Richland parish said an unknown man described as fat, "very red faced," and bald-headed, is the object of a two-state search.

Richland parish officers tonight were checking out new leads and possible hiding places where the man could have taken refuge.

**CAPTIVE 5 HOURS**

The man, who the girls said sipped whisky from a pint bottle during the five hours they were captives, drove off the main highway onto a muddy road near Warden and his car became stuck. Officers later learned a farmer pulled out the car for a \$5 fee. The girls were picked up by

(Continued On Page Five-A)

## Boy Is Injured In Boat Mishap On Street Here

Struck by a boat in the middle of Dick Taylor street, that's what happened at 6:35 last night, when Jerry Williams, 3-year-old son of Mr. and Mrs. Elwin O. Williams, of 3104 Dick Taylor street, ran out into the street at the wrong moment.

Billy J. McKinney, 24, of 1306 Park Avenue, was driving down the street, with a boat tied on top of his car, when the child dashed from behind a parked car in front of 1304 Dick Taylor street, into the path of the oncoming McKinney auto.

The driver slammed on his brakes, but the boat kept right on going, flying off the car and straight at Jerry. He was rushed to the St. Francis Hospital by Mulhearn ambulance, and X-rays were taken to determine if any bones were broken.

He was treated for a gash on the back of his head, and bruises on his forehead, and released. City police investigated, and no charges were filed.

# It's Been A Tough Week For Tiny Tot

"Just call him a cyclone," said Mrs. Roy Cagle, of Swartz, La., describing her 14-month-old son, Steven.

The "cyclone" mumbled something in year-old language, and banged away at his bed in Wright Bendel Clinic, where Mrs. Cagle had rushed him yesterday noon, after he drank from a large glass full of lye and water.

"We'd gone over to my mother's house on Tennessee street here in Monroe, with some eggs, and she forgot to tell me that she had placed some lye and water in a glass to loosen some substance sticking to it. The first thing I knew, Stevie came walking into the living room, spilling the water all over himself and wiping at his mouth," Mrs. Cagle said.

**ANTIDOTE**

"I knew that vinegar was an antidote for lye, so we mixed vinegar and water, and poured that down him. Then I got caught waiting for a convey to pass, and almost had hysterics, trying to break through to drive him to the hospital," she added.

Physicians pumped out Stevie's stomach, and then gave him some more vinegar water to drink. Mrs. Cagle said that the doctors told her they did not think the child swallowed much, if any, of the lye, since his mouth was not blistered. Net results of the drink is a slightly irritated chest, where he spilled the mixture.

This has been a week for the youngster to remember. Mrs. Cagle related that first, he ran into a door and cut his face. Then he burned his hand at his other grandmother's, and later, he sat down on the cat.

**BIG TOMCAT**

"It's a tomcat, almost as big as Stevie, and of course the cat fought back. Stevie still has the scratches on his legs," she said.

The youngest in the family, he has two sisters, age 9 and 14. Thinking about the scrapes which he has gotten into this week, Mrs. Cagle looked at him, and said, "You're leading me a dog's life, little boy." Stevie laughed.

## Living Costs Hit New Peak, Agency Says

WASHINGTON, March 22 (UP)—The cost of living jumped four-tenths of one per cent in February, setting a new record for the sixth straight month, the government reported Friday.

Higher prices for food, housing, clothing, gasoline, and a number of other items boosted the Bureau of Labor Statistics' consumer price index to 118.7 per cent of average 1947-49 prices. The index stood 3.6 per cent higher than in February, 1956.

**CUTS IN POWER**

The BLS also reported that the cost of living jump brought a slight decline in the buying power of the average factory worker's pay check. It said the increased prices more than offset a small rise in the average factory worker's takehome pay.

However, the increase in the price index meant cost of living pay increases of one to two cents an hour for 135,000 workers mostly in the aircraft industry, whose wage contracts carry escalator clauses tied to the index for February.

**\$74.99 WEEKLY PAY**

The takehome pay average—earnings after federal taxes—for factory workers in February was reported at \$74.99 a week.

The purchasing power of the paycheck stood at 122.3 per cent of the average in the 1947-49 period, two-tenths of one per cent below January.

Food prices rose seven-tenths of one per cent between January and February, the largest monthly increase since last July. Higher prices for pork and poultry were mainly responsible.

A one per cent increase in prices of house furnishings and a continuing rise in home maintenance costs were responsible for housing cost increases.

Other price increases were reported in gasoline and motor oil, tires and repair services, auto insurance rates in some states and railroad fares in eastern and southern states. However, new and used car dealer prices declined.

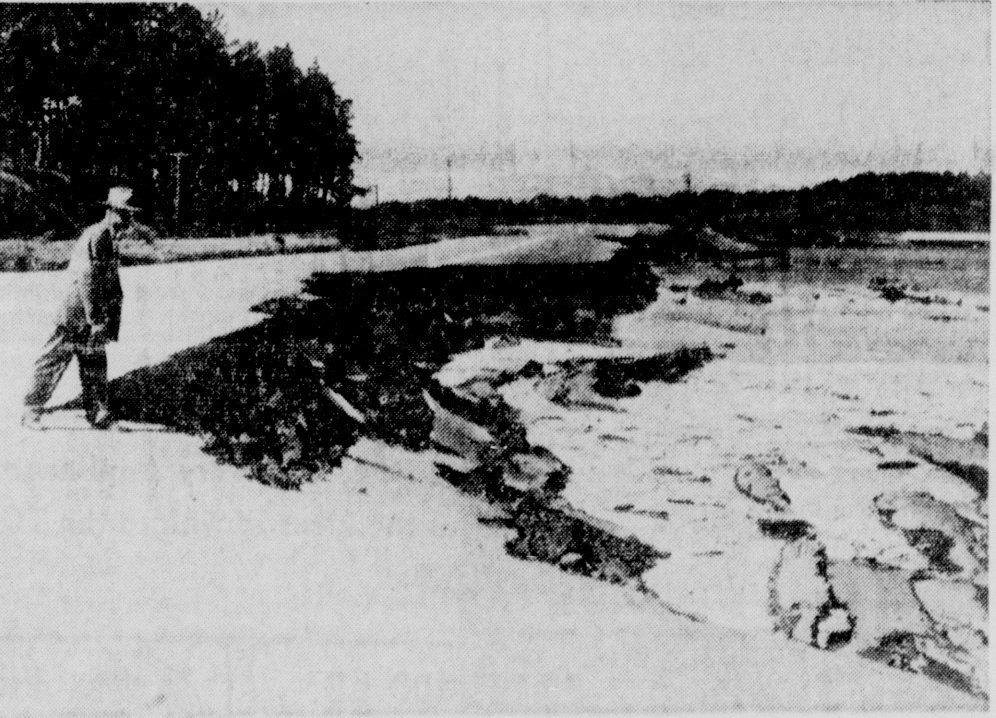

The only major item in the price index to show a decline was clothing.

**Chill On Way For Weekend**

After a high of 70 on Friday, a cold front will move through the Twin Cities area at approximately noon today, bringing colder weather for the weekend.

You can expect some scattered showers, clearing Saturday night. Sunday will have clear, cool weather.

Arkansas is in for the same type weather for the weekend period.

### VITAL TO RED CELLS

## Report Discovery Of Blood Hormone

CHICAGO, March 22 (UP)—University of Chicago scientists Friday announced discovery of a new hormone which controls the formation of red blood cells essential to human life.

The discovery may prove to be of vital importance in the treatment of diseases involving red blood cell deficiency, such as anemia, leukemia and some kinds of cancer, the scientists said.

Medical researchers have suspected the existence of the hormone for some time, the scientists said, but this is the first time its location and operations have been established.

**DIRECTOR OF ATOM CENTER**

The discovery was announced by Dr. Leon O. Jacobson, professor of medicine at the university and director of the Atomic Energy Commission's Argonne Cancer Research Hospital.

Jacobson tracked down the hormone with the aid of atomic science and three research assistants, Eugene Goldwasser, Walter Fried and Louis F. Plzak Jr.

He told news conference Friday that the new hormone is called erythropoietin, is produced in the kidneys, and is found in the normal blood of humans and animals.

It is created in response to the

body's supply and demand of oxygen, in much the same way the level of blood sugar regulates the production of another hormone, insulin.

**STIMULATES BONE MARROW**

The new hormone's function, Jacobson said, is to stimulate the bone marrow to make red blood cells. These cells carry life-giving oxygen to the tissues of the body. When the oxygen supply becomes low, Jacobson said, the kidney is triggered to produce more of the hormone, starting a chain reaction leading to the red blood cell production.

Jacobson said the new hormone has not yet been chemically isolated, although it has been concentrated in blood serum by 100 to 1,000 times its normal count.

Once it is isolated, he said, it will be possible for doctors to inject the hormone into persons suffering from red blood cell deficiencies.

The hormone's life-saving possibilities appear most promising, he said, in the case of uremia, a disease centering in the kidney.

Richland parish officers tonight were checking out new leads and possible hiding places where the man could have taken refuge.

### CAPTIVE 5 HOURS

The man, who the girls said sipped whiskey from a pint bottle during the five hours they were captives, drove off the main highway onto a muddy road near Warden and his car became stuck. Officers later learned a farmer pulled out the car for a \$5 fee.

The girls were picked up by

## La. College Board Backs School Head

ALEXANDRIA, La., March 22.—A six-man committee of the Louisiana College board of trustees revealed today it had given the school's president, Dr. G. Earl Guinn, a vote of confidence and pledged him its "heartiest and most loyal cooperation."

The committee, headed by Dr. James T. Horton of Monroe, recently completed three closed-door hearings into charges made against Guinn's administration at the Pineville Baptist school.

The committee's action was taken in a 16-page report. The full board of trustees adopted the report unanimously last night.

The report, issued today, said the board of trustees "hereby reiterates to Dr. Guinn its continued confidence as to character, ability and quality of leadership displayed and services rendered as president of Louisiana College."

"Many of the criticisms were misdirected," the committee said "being brought against the administration when, for any merit they may possess, they should have been brought against the board."

The criticism of Dr. Guinn included charges that he was uncooperative with the college's long-range building committee, that he promoted construction of an extravagant home for himself, that the board made unusual personal concessions to him, that he brought discredit on the college through his political activities and that he and the board showed poor judgment with reference to the utilities.

To an allegation that the board had violated the principal of separation of church and state by accepting government loans, the board answered:

"This charge is wholly unfounded. Our government has provisions to guarantee that institutions wishing to expand their facilities may borrow the necessary money at a low interest and over a long period of time."

"The notes are offered to the public, and if no buyer is found the government will buy the notes. It is strictly a business proposition and must be repaid with interest at a set amount."

The committee's report also contained a recommendation that it be voted at 3 p.m. Sunday in the First Presbyterian Church of Monroe on the early employment of a public relations director.

One of a series of seven state conferences planned by the Louisiana Synod committee of Christian Education, all pastors and laymen of the Synod of Louisiana will be present at the conference. The Rev. Thomas C. Duncan, pastor of the church, is chairman of the Louisiana Synod of Christian Education. Dr. W. W. McFadden, host pastor.

## Election Slated Tuesday For Tech

RUSTON, March 22, (Special)—Monroe and John Feaster of Ville Platte.

Election will be held Tuesday to select the governing body in Louisiana Tech for the next school year. Thirty candidates will seek office for Student Senate.

Candidates for two of the offices are unopposed and automatically elected. They are Jo Jordan of El Dorado, second vice president, and Anne Lafitte of Mansfield, senior woman representative.

Three students have entered the race for the presidency of the senate. They are Edward Bitar of Lebanon, Jack Salley of Springhill and Middleton Shirley of Ruston.

Seeking the first vice presidency will be Kenneth Caldwell of Shreveport, John Lolley of West Monroe, and Max Stracener of Ridder.

For secretary, Sue Sneed of Shreveport will oppose Mary Virginia Stovall of Ruston.

Three are seeking the post of treasurer. They are Ronald Cunningham of Ruston, Jerry Pate of Shreveport and John O'Shea of Tallulah.

Candidates for the various class representative posts are as follows:

Senior man — Gene Barham of

### Adult Problems Topic For Meet

"Co-ordinating the adult problems in the local church" will be the topic of an adult work in-stituted at 3 p.m. Sunday in the First Presbyterian Church of Mon-

roe. One of a series of seven state conferences planned by the Louisiana Synod committee of Christian Education, all pastors and laymen of the Synod of Louisiana will be present at the conference. The Rev. Thomas C. Duncan, pastor of the church, is chairman of the Louisiana Synod of Christian Education. Dr. W. W. McFadden, host pastor.

Latest 'Frisco Quakes  
Forecast By Scientist

SAN FRANCISCO, March 22 (UP)—The powerful earthquake that slammed into San Francisco Friday was "manufactured" by the same fault line which caused the disastrous San Francisco quake and fire of April 18, 1906.

Seismologists said the quake was caused by lippage of the San Andreas fault, a 270 mile crack in the earth's crust that nearly bisects the state of California.

Dr. Perry Byerly, University of California seismologist, had forecast this big quake. In November, 1955 he pointed out that the San Andreas fault line had been slipping at the rate of two inches a year since the 1906 shakeup. He said then that a quake could be expected.

"As this slipping continues, tension mounts in the nearby rock structure until the breaking point is reached," he said. "When the breaking point occurs, there's an earthquake."

The 1906 quake shook California from top to bottom, but was centered near San Francisco. That gay, gaudy city of Barbary Coast sin and Nob Hill opulence counted 452 dead and a half billion dollars damage. Most of the damage was attributed to the flames which swept unchecked through flimsy wood structures after the quake ruptured water mains.

The San Francisco quake was

the worst in history—from the standpoint of magnitude on the Richter scale—was the Tibet quake of 1950 which measured 8.6 Friday's quake measured 5.5.

Some of the worst earthquakes on record:

Nov. 1, 1775—Lisbon, Portugal, where more than 80,000 persons were killed.

Feb. 5, 1783—Calabria, Italy, toe of the Italian boot destroyed 181 towns and caused 30,000 casualties.

Jan. 16, 1819—Cutch, India. Fifteen hundred persons died in one of many destructive Indian earthquakes. On June 12, 1897, 1-

Plan To Raze  
Church Brings  
Berlin Protest

BERLIN, March 22 (AP)—An official plan to tear down one of West Berlin's most photographed and beloved objects—the ruined Kaiser Wilhelm memorial church—stirred up a storm of protest today in both parts of the divided city.

All of West Berlin's newspapers jumped into the fray, demanding that the tower of the war-blackened ruin be preserved as a "reminder."

Even one of Communist East Berlin's newspapers found itself in the unusual position of "defending" a church.

A 12-member jury of clergymen and municipal officials—appointed jointly by the church and the city government—voted Wednesday to replace the church with an unmodern one. A higher church committee, which has the final say, is expected to approve the decision Monday. But church authorities admitted today that mounting protests may force them to preserve the ruin.

EASTLAND TESTIFIES ON SENATE HEARINGS

Claims No Intent To Investigate Press

WASHINGTON, March 22 (AP)—Sen. Eastland (D-Miss) testified in court today that the Senate Internal Security Committee had no plan to "investigate the press" when it questioned newsmen last January.

In the unusual role of answering instead of asking questions, Chairman Eastland appeared as a government witness in the contempt of Congress trial of Seymour Peck, 39-year-old newspaperman.

Eastland offered to come before the court voluntarily after questions were raised sharply on the Senate floor over the property of a court-issued subpoena. Senators rose to protect their

"ancient heritage"—immunity from arrest—and challenged the right of any court to subpoena one of their number during a session.

But Eastland, who had been subpoenaed as a defense witness, averted a Senate showdown by announcing he would testify voluntarily for the government.

With the Senate thus placated, he went to court and testified that the subcommittee wasn't "attempting to influence what any newspaper printed," and "we were not attempting in any way to infringe upon the freedom of the press."

Rather, he said, "we were investigating Communist cells, Communist penetration, the extent of

it so as to better recommend statutes."

Asked whether he had any intention of recommending legislation solely within the field of the press, Eastland said: "No, sir."

Peck's attorneys Telford Taylor and Joseph A. Fanelli, had sought Eastland's testimony to buttress their contention the subcommittee was interested in the content of newspapers, thereby infringing upon the free press guarantee of the First Amendment.

Both in his direct testimony under questioning by Asst. U.S. Atty.

William Hitz, and under Taylor's cross-examination, Eastland insisted this wasn't the case.

Peck's attorneys had had a subpoena issued for Eastland's appearance.

Hitz asked Judge Luther Youngdahl to quash it on the ground Eastland's testimony was not required for him to decide the legal issues involved. In refusing to this, Youngdahl said Eastland's testimony might help him decide whether the committee acted within its jurisdiction.

Before Eastland took the stand,

Youngdahl said some senators apparently had been misinformed as to what he had said. He wanted to make it clear he recognized the right of a member of Congress not to respond to a subpoena and merely felt it would be helpful if the senator appeared, the judge explained.

This, Youngdahl said, left it entirely up to Eastland as to whether to testify.

Eastland responded that he "felt it my duty to make myself available."

EASTLAND TESTIFIES ON SENATE HEARINGS

Claims No Intent To Investigate Press

WASHINGTON, March 22 (AP)—Sen. Eastland (D-Miss) testified in court today that the Senate Internal Security Committee had no plan to "investigate the press" when it questioned newsmen last January.

In the unusual role of answering instead of asking questions, Chairman Eastland appeared as a government witness in the contempt of Congress trial of Seymour Peck, 39-year-old newspaperman.

Eastland offered to come before the court voluntarily after questions were raised sharply on the Senate floor over the property of a court-issued subpoena.

Senators rose to protect their "ancient heritage" — immunity from arrest—and challenged the right of any court to subpoena one of their number during a session.

But Eastland, who had been subpoenaed as a defense witness, averted a Senate showdown by announcing he would testify voluntarily for the government.

With the Senate thus placated, he went to court and testified that the subcommittee wasn't "attempting to influence what any newspaper printed," and "we were not attempting in any way to infringe upon the freedom of the press."

Rather, he said, "we were investigating Communist cells, Communist penetration, the extent of

it so as to better recommend statutes."

Asked whether he had any intention of recommending legislation solely within the field of the press, Eastland said: "No, sir."

Peck's attorneys Telford Taylor and Joseph A. Fanelli, had sought Eastland's testimony to buttress their contention the subcommittee was interested in the content of newspapers, thereby infringing upon the free press guarantee of the First Amendment.

Both in his direct testimony under questioning by Asst. U.S. Atty. William Hitz, and under Taylor's cross-examination, Eastland insisted this wasn't the case.

Peck's attorneys had had a subpoena issued for Eastland's appearance.

Hitz asked Judge Luther Youngdahl to quash it on the ground Eastland's testimony was not required for him to decide the legal issues involved. In refusing to this, Youngdahl said Eastland's testimony might help him decide whether the committee acted within its jurisdiction.

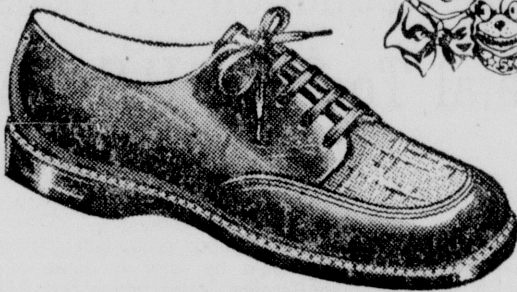

Before Eastland took the stand, Youngdahl said some senators apparently had been misinformed as to what he had said. He wanted to make it clear he recognized the right of a member of Congress not to respond to a subpoena and merely felt it would be helpful if the senator appeared, the judge explained.

This, Youngdahl said, left it entirely up to Eastland as to whether to testify.

Eastland responded that he "felt it my duty to make myself available."

For grown-up style and perfect fit.

SIZES 8 1/2-12 ..... 6.95  
12 1/2-3 ..... 7.95

This outstanding style in brown with tan or black with grey silk toe. Children's shoes, street floor.

The White Coat

... perfect young fashion for Easter and into summer

16.95

White Linen-Weave... the smart young blade will wear it for Easter, as a party coat, or anytime an occasion arrives. Extra smart 2-button style. Sizes 13-20.

19.95

Palm Beach Coat... a superb light-weight fashion of famous wrinkle-shedding fabric, full satin lining 3-button style. Sizes 13-20. Boys' shop, sixth floor.

Park Free at the Gulf Super Station, just behind The Palace. Park for 2 hours with any 2.00 or more purchase.

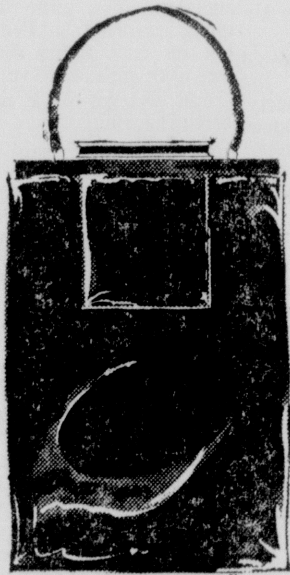

Plan To Raze Church Brings Berlin Protest

BERLIN, March 22 (AP)—An official plan to tear down one of West Berlin's most photographed and beloved objects — the ruined Kaiser Wilhelm memorial church — stirred up a storm of protest today in both parts of the divided city.

All of West Berlin's newspapers jumped into the fray, demanding that the tower of the war-blackened ruin be preserved as a "reminder."

Even one of Communist East Berlin's newspapers found itself in the unusual position of "defending" a church.

A 12-member jury of clergymen and municipal officials—appointed jointly by the church and the city government—voted Wednesday to replace the church with an ultra-modern one. A higher church committee, which has the final say, is expected to approve the decision Monday. But church authorities admitted today that mounting protests may force them to preserve the ruin.

Values to 18.50!

New excitement... the enchantment of variety after a bleak winter! Hold it all in your hand... in the captivating shape of a Lewis handbag! In patents, faille, and straws. Handbags, Street floor.

Specially Priced! Handbags by Lewis

Tiny Auto License Tags Do Mighty Job

Tiny auto license tags, half an inch wide and not much more than an inch long, are almost as familiar to motorists of Louisiana and all other states as are the bigger license plates which they attach to their cars.

These little tags, duplicates of the bigger ones, are not impressive in size but in the last 11 years they have supplied a large part of the \$220,000,000 which the Disabled American Veterans has spent in assisting the disabled veterans of various wars in which the United States has engaged.

Within a few weeks after he buys his regular auto license tag, the motorist receives through the mail a pair of tiny tags similar in color to and bearing the same number as his regular tag. These tags are intended to be placed on key rings. With the little tags is a request for a donation, which may be any amount, but usually motorists send in anything from 25 cents to a dollar.

Most of the little tags for Louisiana have already been sent out for this year but they are of special interest because this year marks the 25th anniversary of the granting of the congressional charter to the Disabled American Veterans.

The congressional charter, which made the D. A. V. the official voice of this nation's wartime disabled, is never granted lightly. It must be presented in a form of a bill to both houses of Congress and is subject to Presidential veto before it is passed into law. The organization requesting a charter must demonstrate there is a real need for its existence and real services are performed.

Small wonder, then, that the D. A. V. is proud of this recognition and the obligation inherent in it. Since its beginnings in 1920 the D. A. V. has served without charge millions of disabled veterans, their widows and dependents. During the past 11 years its national service officers throughout the nation have obtained more than 220 million dollars in benefits for

the war handicapped. The free service is maintained through contributions to the D. A. V. Indento-Tag program, miniature individual license plates for key rings, which also provides key-loss protection. More than 500,000 sets of lost keys have been returned by the D. A. V. in the past five years.

The D. A. V. is justly proud of its devotion to furthering the cause of the war disabled. These efforts have resulted in a fine national program of rehabilitation for the war time disabled. All eligible veterans should be interested in joining and helping improve the lot of veterans who have suffered injury or disablement in wartime service to their country.

Small Nations Can Shun Tasks Easier

Many a homesick American soldier can sympathize with the Scandinavian soldiers in the United Nations emergency force in Egypt, who are restless and bored and want to go home.

Of course, peacetime soldiers since Caesar's time have been restless and bored and wanted to go home.

But here there is a difference. The defense ministers of Norway, Denmark, Finland and Sweden agree with their soldiers. They have jointly announced that the 1,500 Scandinavians now on six months emergency duty will be withdrawn this summer.

The ministers say they fear the occupation will last much longer than originally contemplated, possibly for years, and that other UN members should take over the policing in rotation.

Because they are small nations, they will be able to get away with this action. But picture the consternation if the United States started pulling back any of its far-flung forces. A clamor would sound throughout the free world.

An animal resembling a bear with teeth like a rat once roamed this country. Were there communists that long ago?

GEORGE SOKOLSKY'S DAYS

Few Monuments Of Greatest Period Of Upbuilding In U. S. Preserved

Few monuments of America's greatest period, the upbuilding period in the history of this country, have been preserved. Of course, there are an increasing number of markers but the original buildings and sites are preserved with difficulty and at great expense. The American Scenic and Historic Preservation Society is now engaged in commemorating the two hundredth anniversary of Alexander Hamilton by raising funds to restore his home, The Grange, which stood on what is now Kingsbridge Road in New York City. It is a noble task.

In these days when we hear so much about youth movements, it may be interesting to know that at 19, Alexander Hamilton was a lieutenant colonel and that at 23, he was a fighting general. When the Revolutionary War was over, he studied law for six

months and was admitted to the bar and became one of the leading lawyers in the nation and secretary of the treasury in Washington's Cabinet.

Kingsbridge Road in New York City is now a crowded area but Hamilton bought a farm there in 1800 and in his day, it was a wooded hill overlooking the Hudson River. It was a farm far out of town but sufficiently near for a ride on a horse or in a horse-drawn carriage to the courts in New York. The house, designed by the leading architect of the day, John Combs, still stands although it is squeezed between two tall buildings. It is surprising how much of the original remains. The plan is to move the historic building about 10 blocks to property now owned by the City of New York and then to restore it to its original condition. It is indeed fortunate that

PAUL HARVEY

Stock Market Frequently Poor Business Barometer

The stock market has frequently been a poor barometer of the business weather. The public has come to attach undue significance to temporary stock market trends.

The stock market is delicately balanced — ready to respond instantly to the emotional whims of seven and a half million investors.

The slightest excuse and Wall Street falls out of bed, creating a temporary crisis.

President Eisenhower's illnesses were reflected immediately in the market. But promptly overruled.

When former President Hoover and present Treasury Secretary Humphrey used the word "depression," the market suffered billions in losses. Within a week the losses were wiped out by investors with faith in our economic future.

So, as we say in the Ozarks, "Let's shuck right down to the cob!"

America's factories and businesses last year poured forth a record 412 billion dollars worth of everything.

Americans in 1956 produced more — earned more — spent more — and (this is important to continued prosperity) we saved more than ever... ever before.

In 1956 we took in 325 billion. We put out 266 billion. We saved 21 billion where the year before we had saved only 17 billion. That's the cushion.

Even after taxes, corporate profits were up another half billion, but we'd been geared to a jump

Progress has ripped them away with the bang-bang of the steam shovel and the clatter of falling stone. Progress leaves a world without monuments, only with structures for rent and elevators that go up and down between office and the coffee bar where one eats doughnuts and drinks coffee and chews gum and discusses penions and fringe benefits and how Marilyn Monroe is having a baby just as millions of other women will have babies about the same time.

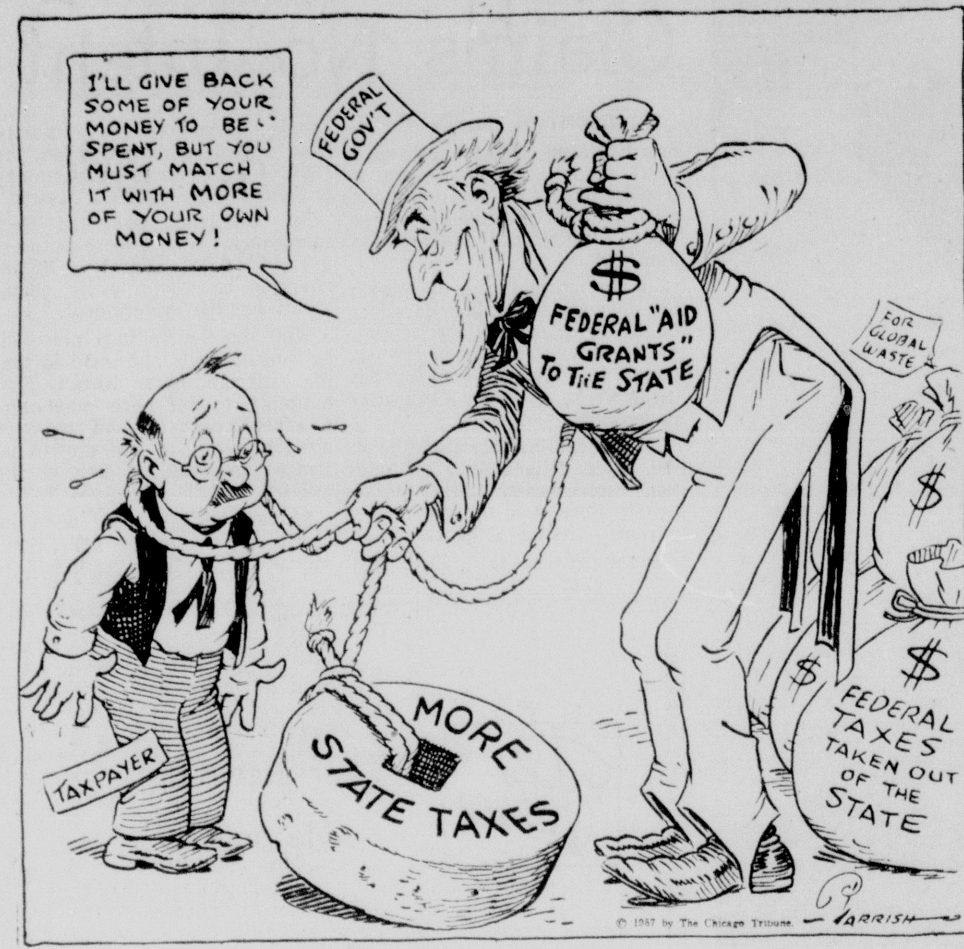

Progress tears away even the markers that tell of the great upbuilding period when men of courage and daring built a great nation with sweat and toil and hard thinking. Alexander Hamilton was a student at Kings College which is now Columbia University. And the principal building of Columbia College is named after him—Hamilton Hall. And it was from Kings College that he volunteered in a regiment of artillery of which he soon became captain.

The great friendship that sprang up between Washington and Hamilton remained unabated until Hamilton was killed in a duel by Aaron Burr which deprived America of one of its wisest statesmen. Washington had so much affection for Hamilton that when The Grange was built, the first President sent Hamilton 13 gum trees. It is planned to plant similar trees so that the grounds commemorate George Washington as well as Alexander Hamilton.

The String Attacher To It

REPORT FROM WASHINGTON

Sudden Reduction Of Tensions Would Be Fatal To Some U.S. Policy Makers

BY HOLMES ALEXANDER

WASHINGTON, D. C. — "Don't you professionally that such men live on excitement," said Dr. Clarence W. Couchmaster, as we emerged the other day from the Fulbright subcommittee which had just taken testimony from C. D. Jackson.

The subcommittee had identified Jackson as a "psychological warrior," and had described a mock battle of wits which involved Secretary Dulles' skill as a "brinkmaster." It seemed an absurd way for adults to be behaving.

"You may think it's amusing," Couchmaster resumed, "to find grown men, on public salaries, en playing at games. But I'm telling

and it would make no difference. But you let something happen in the far reaches of the Mediterranean or deep in Indochina, and see how the internationalists react. They live on faraway crises, I tell you."

Is that good?

"It's how they are," insisted Couchmaster. "A fellow like Harold Stassen, now in London at one of those disarmament conferences has been subsisting on a diet of highly - seasoned emergencies since puberty, and it would be detrimental to his health and reason for him to face a tranquil world. Disarmament would kill him."

CONGRESSIONAL QUARTERLY

Time For Decision On Toll Television Is Approaching

WASHINGTON, March 22 (CQ) —After two years of hand-wringing, the Federal Communications Commission is ready to decide on controversial proposals for pay-as-you-watch television.

The forthcoming FCC decision will have real meaning for the owners of America's 40 million television sets, but it will affect most directly the pocketbook battle between two groups of powerful business rivals.

Most support for subscription television has come from owners of the three licensed experimental systems: Zenith Radio Corp.'s "Phonevision"; Skiatron TV Inc.'s "Subscriber - Vision"; and the International Telemeter Corp.'s "Telemeter." Primarily opposed to the idea are the three big radio - television networks and the motion picture theater owners.

An early round in the battle was won last month by the opponents of pay TV when the Senate Interstate and Foreign Commerce Committee agreed to shelve for now a staff study urging "large-scale" tests of unsponsored fee television.

Further, the producers would be limited to programs of the traditional "box office" variety, features that cannot be produced by ordinary sponsored television. The report adds this warning: "Subscription television is doomed to extinction unless it can provide a new service without material damage to free television."

The three proposed toll television systems differ in technical details, but are similar in two fundamentals:

1. The program is coded or "scrambled" by the transmitting station to prevent general reception of the telecast.
2. A device attached to the television set enables the owner, for a fee, to decode or unscramble the programs he wants to see. Favorite decoding devices are coin boxes and punch cards.

Advocates contend subscription television would make available, at a fraction of box office prices, such features as current movies, plays, operas and top sports events — programs beyond the budgetary scope of sponsored television.

It would, they say, broaden the public's range of program choice and enable small local stations to compete with the large network outlets. By improving the level of television programs, fee television would increase the audience for both sponsored and subscription offerings.

Meanwhile, the FCC is studying the staff report and it either can agree with its conclusions for tests, go all out for the subscription system or turn thumbs down on the toll proposals.

The Committee staff study urges that tests of subscription television be held in "a representative cross-section of test markets" over a long enough period of time for the promoters to set up equipment, develop programs and assess the public reaction.

Under the staff plan, the fee television shows would take up "some percentage" of the broadcasting time of existing television stations.

The Country Parson

"That old boy must pray with his fingers crossed—I know he doesn't want to be as good as he asks the Lord to help him be."

Opponents say the economics of subscription television would keep its producers from offering "cultural" treats of limited audience appeal. Instead, they argue, fee television would rely mainly on established programs that appeal to the mass audience.

It would make every effort to outbid sponsored television for the top attractions, thus forcing the viewer to pay to see programs which are now available without charge, opponents contend.

All these arguments, and many more, have been laid before the FCC in about 70 volumes of testimony over the past two years. Now the Commissioners are ready to weigh the evidence and decide whether to make every set owner in the country his own television sponsor.

DR. CRANE SAYS

Editor Is Embarrassed By Personal Compliments

Hal is unduly modest. Since I transferred from the college faculty to the newspaper "faculty," I enjoy an educational perspective which causes me to see that newspapers are the greatest educational agency in our land. Scrapbook this case to use as a high school project. Let the students compare the newspaper curriculum with that of the standard college.

Case U-336: Hal G., aged 58, is a modest editor of the old school who is embarrassed by personal compliments.

"Dr. Crane, you made me very self-conscious a few weeks ago," he began, "by lauding the daily newspaper editors so much."

"Maybe you better go slow with such compliments or the public will think we have put you up to this."

"Although I am a lifelong rooter for the newspaper, it sounds pretty strong when you say it is the greatest educational agency in the land."

**University In Print**

Many other leading editors are like Hal, for they have been too close to their own newspapers to fully recognize the vast educational benefits that modern newspapers offer America.

The great majority of Americans quit school forever by the age of 18. But they now live to an average lifespan of about 70. So who will enlighten, inform and entertain them during those final 52 years of adulthood?

Well, the radio and TV, movies and magazines, help serve as indirect educators of American adults.

But the daily newspapers are the most influential and most permanent type of teachers we have, barring none.

For example, physicians and dentists, clergymen and bankers, business men and school teachers, fall back on the last copy of this newspaper for the factual data by which they argue over politics, world affairs, prices or even sports events.

And a modern newspaper corresponds very closely to the curriculum on the average college campus.

**Newspaper Curriculum**

On the front pages you thus

find current history, part of which will actually be in the college history textbooks a generation hence.

It teaches terse English composition. Its editorials are also a daily course in political science and economics.

The financial pages likewise teach economics, money and banking, and similar college topics.

This psychology column contains the practical psychology and psychiatry gleaned from an entire major in the psychology department of your state university.

You likewise obtain sterling comments on Washington from your political columnists.

You learn better Human Relations from the etiquette, child rearing and other departments.

Home Economics is furthered by recipes, needlecraft, patterns and feature stories about home design.

Even the athletic department of the university is paralleled by the sports page of the newspaper.

Housewives also depend heavily on the newspaper ads for bargains and vital data about new products.

Why, the average wife saves enough money per month via the bargain ads in this newspaper, to pay for the entire yearly subscription thereto!

The newspaper is thus your "Book-of-the-Day", for it literally contains as much word content as a moderate sized book. Yet it costs only 5 cents to 7 cents.

Having taught on various college campuses for many years, I enjoy the vantage point of the campus educator.

Yet after 20 years as a newspaper columnist, I have found that the newspaper is truly the greatest single educational influence in America.

And it is still the greatest force for guaranteeing honesty in government and the protection of the Bill of Rights.

So appreciate your editor. He is actually President of a great local "University in Print", often with more students than are enrolled in all the colleges of your state.

BASCOM TIMMONS REPORTS

England Galled By Dependent Role In Relation With U. S.

Whatever the announced results of the conference now under way in Bermuda between President Eisenhower and British Prime Minister Harold Macmillan may be, the inescapable fact is that Britain is now dependent on the United States as her leaders, up to and including Winston Churchill, never expected she would be.

That dependence, however, should not lead Americans to look down their noses at the little island, which we have already helped to the tune of more than 37 billion dollars since the beginning of World War I. The Anglo-Saxon alliance is still a natural, though the role of dependent is galling to a once proud empire, now only the nominal head of the British Commonwealth.

In addition to the tremendous financial losses of two wars, Britain affords a prime example of what can happen to a nation of limited resources which becomes a welfare state. Despite the disparity in the size of the two countries, there seems to be a lesson for this rich republic in the decline of Britain's economic status.

Prime Minister Macmillan must have conceded that Britain, is now dependent on the United States for national defense, as all of her armed forces have been whittled to a skeleton of their former strength, and her military budget is now less than her annual welfare budget. In this atomic-hydrogen age, only the presence of U.S. air and ground defense forces in Europe prevents Britain from being almost at the mercy of Soviet Russia, if the latter decided to move in.

Such assurances as the President gave the Prime Minister probably included a reminder that the American people cannot indefinitely go on spending up to the limit and going deeper into debt, to protect all of western Europe as well as the British isles. But with the British government unable to take over any more of that burden, the solution is not in sight, and the Communists may be expected to take advantage of the opportunity to put all sorts of imaginary pressure on the free nation.

It must be remembered, however, that British troops have helped maintain what her government leaders conceive to be the nations own primary interests, which in considerable measure are also those of the U.S. In keeping troops on combat duty in the little island in Cyprus, she

maintains an outpost against further Soviet infiltration, which is of importance to the U.S. and the new middle east policy.

Britain has never hesitated to send troops abroad to protect her own possessions, a policy which dates back to the beginning of her empire. But her government evidently failed to realize that though she may maintain a few outposts, she cannot successfully carry out such ventures as the attempted seizure of the Suez canal. That humiliating debacle cost her 84 million dollars and more than a hundred casualties, but it was the last such venture she will undertake for a long time.

Had Macmillan been Prime Minister with an opportunity to talk to the President before the Egyptian debacle, a lot of grief for Britain could have been avoided. But about all that the two can agree on now is that hereafter there will be more consultation between them.

The welfare state, which costs Britain 4½ billion annually for national health service, insurance benefits and education, is a burden which the British have no disposition to reduce. Like the Egyptian fiasco, it was resorted to without apparent realization that it would eventually reduce the nation's capability to carry on as a world power. The welfare program in the U.S. is largely carried by the states, with the federal government actually appropriating less for that general purpose than does Britain.

Of the 37 billion the U.S. has given Britain in grants and loans, 22 billion represents lend lease advances during World War I. Yet Germany, which that money helped defeat, is now back on her feet, and west Germany is now again prosperous and self sustaining. With her reduced arms budget, Britain hopes to do the same thing. But meanwhile the U.S. must carry the burden, as Eisenhower and Macmillan see it.

BOY'S FUNERAL HELD

ALEXANDRIA, Mar. 22 (UP)—Funeral services were held today for Kenneth Hodgkinson, who drowned in a drainage ditch near his home. The four-year-old Alexandria boy fell into the ditch while playing with a friend.

PORTRAITS

By James J. Metcalfe

Discouragement

SOMETIMES we get discouraged as we go along our path... But that is no discredit or... Excuse for any wrath... Discouragement is common, yet... It does not spell defeat... For we may challenge once again... The problems we must meet... Though in another form it can... Become a grievous sin... As we discourage someone else... Who has a chance to win... However low we feel ourselves... We have no right to bring... Discouragement upon this earth... To any living thing... So let us have our misery... And wallow in despair... But not discourage other hearts... That really hope and care.

# Estimate \$600,000 Fee Is At Stake

(Continued from First Page)

conclusion that they should not be bound" by the contract.

The contract was signed before Mayor Howard and Commissioner H. W. McSherry took office and before the Utilities Commission was formed by the Louisiana Legislature.

Since the signing of the contract the Utilities Commission was established and later hired Tom Wood as manager. Underwood's job includes all power and water engineering of the city.

The contract with Barnard and Burk called for the expansion of the power plant. Howard said yesterday the firm has not received "one dime" from the contract.

Jack S. Burk, partner of the firm, was advised of the city's dissatisfaction here Nov. 7, 1956, the statement said.

A statement from his firm concerning their position was requested at the Louisiana Municipal Association convention in New Orleans last weekend, it was pointed out.

The Council and Commission agreed in a March 18 joint session that the "City of Monroe should not be bound to this contract."

**REPLY REPORTED**  
A reply from Barnard and Burk, which was reported to have come Thursday, said that they "insist on the maintenance" of the contract and they "will not release the city from such contract."

According to yesterday's statement, Commissioner H. W. D. Rodriguez "descended" from the position taken by Howard, McSherry and the Utilities Commission that the city should not be held bound to the contract.

It was brought out that the city would pay the Baton Rouge firm "whatever was fairly due it" at the breaking of the contract.

The statement released jointly by the City Council, Howard and the Utilities Commission yesterday was drawn up after representatives of both city bodies had conferred.

Commission chairman, Clark C. Boardman and vice - chairman French Smith were out of town.

The statement charged that T. L. VanFossen, who has since left Monroe, was on both staffs of Barnard and Burk and the City of Monroe.

It said that VanFossen had supervised Barnard and Burk work in Monroe "for some time under the preceding city administration."

Following is the "statement released March 22, 1957 by the Mayor and Council of the City of Monroe and by the City of Monroe Utilities Commission."

## STATEMENT TEXT

"On taking office in July, 1956 following the election in May of 1956, the present administration became aware of a contract between the City of Monroe, Louisiana and Barnard and Burk, Inc., for the employment of Barnard and Burk, Inc. as engineers in connection with the construction and extensions of the electric power and water facilities of the City of Monroe.

"This contract was dated February 14, 1956 but that date had been stricken and it had been re-dated June 11, 1956, being the true date according to press information on which the contract was signed between the city and Barnard and Burk, Inc.

"There was no ordinance authorizing the city to enter into this contract; the only authorization being a motion adopted by the City Council on February 14, 1956. The contract provides in brief for per cent engineering fees on electric power and water system construction which may be undertaken by the City of Monroe pursuant to any bond issue which might be voted by the people. The contract is indefinite in duration having no time limit whatsoever. The contract thus signed on June 11, 1956 also purported to bind the City of Monroe Utilities Commission when and if created. The Utilities Commission was not then in existence and was not created until a later date.

## COMMISSION FORMED

"When the Utilities Commission was organized in September of 1956, this contract was brought to its attention. It was also found that Mr. T. L. VanFossen of the staff of Barnard and Burk, Inc. had been on the joint payroll of the City of Monroe and Barnard and Burk, Inc. for some time under the preceding city administration and that much of the work Barnard and Burk, Inc. in Monroe had been done under his supervision while employed both by the City and Barnard and Burk, Inc.

"The City Council and the Utilities Commission requested that Mr. Burk meet with them and have a meeting was held on November 7, 1956. At that meeting Mr. Burk was advised that the City of Monroe did not feel that they could be held legally or morally to a contract of indefinite duration, entered into after the election and before the Utilities Commission was created. Mr. Burk assured that the City wished to pay his company whatever

was fairly due it. He was requested to consider the matter and submit to the City his firm's statement. At that time he agreed to do so.

"Nothing further was heard from Barnard and Burk, Inc. and during the meeting of the Louisiana Municipal Association in New Orleans on March 14-15, the subject was again discussed with Mr. Burk. He was requested to furnish the City of Monroe a statement of his firm's position in the matter.

## JOINT SESSION

"On March 18, 1957, the City Council and the Utilities Commission discussed this matter in joint session. It was the unanimous sense of the Utilities Commission and it was also the feeling of Mayor Howard and Commissioner McSherry that the City of Monroe should not be bound to this contract. Commissioner Rodriguez descended from this position. This determination was based on the thought that the City should not be held to a contract entered into at the last minute in such a manner with an engineering firm that had taken an active and public part in the election of May 1956; particularly when such a contract undertook to tie the hands of a commission which had not been created and which is now charged with the responsibility of the management of these utilities.

"By letter of March 20, 1957, the City Council and the Utilities Commission have been advised by Barnard and Burk, Inc. that they insist on the maintenance of this contract and that they will not release the City from such contract.

"The City Council and the Utilities Commission regret that Barnard and Burk, Inc. have seen fit to take this position. However, the City Council and the Utilities Commission are firm in their conclusion that they should not be bound by a contract entered into under such circumstances and they therefore intend to go forward with the necessary plans for the urgently needed expansion of the power plant."

**Earthquakes  
Rock 'Frisco  
Area Friday**  
(Continued From Page One)  
started. The first had a continuing action for several seconds which caused the tall buildings of the metropolitan area to rock from side to side in a pendulum motion.

The noon-day quake was felt over a 200-mile north-south area from Ukiah in Mendocino county to Watsonville, nearly 100 miles south of here. It was also strongly felt in Sacramento, some 110 miles to the east.

In Daly City, just south of San Francisco authorities evacuated some 1,500 residents from a five-block area of the Westlake residential district when a cracked reservoir threatened to unleash nearly a million gallons of water on the area.

Scores of heavy plate glass windows were shattered in the metropolitan area; the Golden Gate Bridge, world's largest single suspension span, was set "galloping" and several highways were cut by landslides or crumpled pavement.

## FEARED ANOTHER QUAKE

Sgt. Dave Hanson of the Daly City police, in charge of the evacuation, said the move was made for fear another strong quake might cause the whole wall of the reservoir to crumble before it was drained.

In San Francisco, the fire department reported they had received between 50 to 100 calls, but most turned out to be broken pipes and other small damage. The department said there were a few small fires, all of which were quickly put out.

The quake was felt violently in the United Press bureau, located atop the six-story San Francisco News Building. Hanging light fixtures were sent lashing back and forth and loose objects tumbled from shelves and filing cabinets.

Staff members who were standing at the time were forced to grab for support or stand spraddle-legged like sailors in a storm to avoid being thrown down.

The three quakes were recorded at 8:30, 10:48 and 11:45 a.m. PST. University seismologist Dr. Don Tocher said the first temblor had a magnitude of 3, the second 3.75 and the third 5.5. He said the third shock was centered so close to the laboratory that it shook the seismograph needle of its base and complicated an accurate reading.

The strongest quake ever recorded in the United States was the San Francisco quake of 1906 which had a magnitude of 8.5.

A 400-foot stretch of highway bordering Lake Merced in southern San Francisco slid crumpling into the water and a long stretch of the scenic coast highway slipped into the Pacific.

# Hunt Pushed For Abductor Of Two Girls

(Continued From Page One)

authorities shortly after they escaped from the man.

Officers said the 14-year-old girl related that the man made her undress on the outside of the car at one time during the ride.

An approaching car caused the man to jerk the girl back inside the vehicle.

He is said to be driving a late-model, light-colored Chrysler automobile. The girls said the man was about five feet, ten inches tall, weighing about 200 pounds. He was last seen wearing a red shirt and gray slacks.

## TRUSSED UP

Both girls were trussed up and spent a major portion of the five hours evading the assault attempts of the pudgy man.

They said he constantly sipped whiskey from a pint bottle.

Sheriff Hill said the man's attempt to find an untraveled road proved to be the girls' chance to escape.

After the car became stuck near Warden, the man untied the girls' hands and told them to walk up the road, not to get into a car with anyone else and he would pick them up as soon as he could get someone to pull him from the ditch.

The girls told the sheriff they walked down the road until they were out of sight and then ran to a farmhouse nearby.

State troopers were notified along with Sheriff officers and the alert was sent out for the girls' captor.

# Burk Denies Taking Part In Election

(Continued From Page One)

Mayor Coon's request" and was eventually hired "away from us by the Utilities Commission."

"But the heat got on and they cancelled him," Burk explained. He said VanFossen is working for his firm in Baton Rouge now.

"Both the mayor and McSherry (commissioner H. W. McSherry) agreed at New Orleans last week that we did the City of Monroe a favor by letting VanFossen work for the city," he said.

He said Coon and ex-commissioner Frank X. Kline "drove to Baton Rouge" and "requested that we let VanFossen work for the city."

City officials asserted in the statement that they would pay Barnard and Burk for services already rendered, but Burk said he could not estimate "at the moment" the amount.

"Our primary interest is our reputation, not the money," Burk said.

Burk returned to the subject of VanFossen, said he was paid \$500 monthly by both the Baton Rouge firm and the City of Monroe.

"But he worked some 16 and 18 hours a day," he said.

Burk said he had never agreed to cancelling the contract and that he was asked to "set up a statement" regarding the fee for the firm's services.

"I sought out Howard and McSherry at New Orleans," he said. "They didn't come to me."

Burk explained that the "whole thing is the difference of opinion," that his firm was not considering the cancellation of the contract and that he hoped "it can be worked out on a friendly plane."

## 4 Face Trial

(Continued From Page One)

Ber' Kelly, Harold Babin, charged with simple burglary received three-year sentence as Oscar Paarl, Jr., was sentenced to three years on automobile theft charges.

Austin E. Funderburg, a third offender on charges of driving while under the influence of intoxicating beverages, was sentenced to one-year in the penitentiary.

Horace F. Smith, charged on eight counts of theft, was sentenced to six months in jail on each charge, with sentences to run concurrently.

Three persons received 60 days each in jail on counts of selling alcoholic beverages without a state or parish permit. They were: Frank Mims, Savannah Mims, and Gladys Butler.

Mose Jones, charged with selling alcoholic beverages without a parish permit received a three months jail sentence.

Three persons were fined for operating a motor vehicle while intoxicated.

They were: David Turner, Jr., Ruby J. Degeyter, Henry J. Norwood, and Mose Jones. The Degeyter woman was also sentenced to 125 days on the drunk driving charge.

Henry C. Neal was fined \$150 or 90 days on hit and run driving charges.

The remainder of the day's session was taken up with disposing of traffic or minor cases.

James C. Hollinger drew a \$65 fine for speeding and a \$75 fine for reckless operation of a vehicle.

Robert Reed, was fined \$50 on reckless driving charges, drawing a \$25 fine for operating a motor vehicle without a driver's license.

# Estimate \$600,000 Fee Is At Stake

(Continued from First Page)

conclusion that they should not be bound" by the contract.

The contract was signed before Mayor Howard and Commissioner H. W. McSherry took office and before the Utilities Commission was formed by the Louisiana Legislature.

Since the signing of the contract the Utilities Commission was established and later hired Tom Underwood as manager. Underwood's job includes all power and water engineering of the city.

The contract with Barnard and Burk called for the expansion of the power plant. Howard said yesterday the firm has not received "one dime" from the contract.

Jack S. Burk, partner of the firm, was advised of the city's dissatisfaction here Nov. 7, 1956, the statement said.

A statement from his firm concerning their position was requested at the Louisiana Municipal Association convention in New Orleans last weekend, it was pointed out.

The Council and Commission agreed in a March 18 joint session that the "City of Monroe should not be bound to this contract."

## REPLY REPORTED

A reply from Barnard and Burk, which was reported to have come Thursday, said that they "insist on the maintenance" of the contract and they "will not release the city from such contract."

According to yesterday's statement, Commissioner H. W. D. Rodriguez "descended" from the position taken by Howard, McSherry and the Utilities Commission that the city should not be held bound to the contract.

It was brought out that the city would pay the Baton Rouge firm "whatever was fairly due it" at the breaking of the contract.

The statement released jointly by the City Council, Howard and the Utilities Commission yesterday was drawn up after representatives of both city bodies had conferred.

Commission chairman, Clark C. Boardman and vice - chairman French Smith were out of town.

The statement charged that T. L. VanFossen, who has since left Monroe, was on both staffs of Barnard and Burk and the City of Monroe.

It said that VanFossen had supervised Barnard and Burk work in Monroe "for some time under the preceding city administration."

Following is the "statement released March 22, 1957 by the Mayor and Council of the City of Monroe and by the City of Monroe Utilities Commission."

## STATEMENT TEXT

"On taking office in July, 1956 following the election in May of 1956, the present administration became aware of a contract between the City of Monroe, Louisiana and Barnard and Burk, Inc., for the employment of Barnard and Burk, Inc. as engineers in connection with the construction and extensions of the electric power and water facilities of the City of Monroe.

"This contract was dated February 14, 1956 but that date had been stricken and it had been re-dated June 11, 1956, being the true date according to present information on which the contract was signed between the city and Barnard and Burk, Inc.

"There was no ordinance authorizing the city to enter into this contract; the only authorization being a motion adopted by the City Council on February 14, 1956. The contract provides in brief for per cent engineering fees on electric power and water system construction which may be undertaken by the City of Monroe pursuant to any bond issue which might be voted by the people. The contract is indefinite in duration having no time limit whatsoever, the contract thus signed on June 11, 1956 also purported to bind the City of Monroe Utilities Commission when and if created. The Utilities Commission was not then in existence and was not created until a later date.

## COMMISSION FORMED

"When the Utilities Commission was organized in September of 1956, this contract was brought to its attention. It was also found that Mr. T. L. VanFossen of the staff of Barnard and Burk, Inc. had been on the joint payroll of the City of Monroe and Barnard and Burk, Inc. for some time under the preceding city administration and that much of the work Barnard and Burk, Inc. in Monroe had been done under his supervision while employed both by the City and Barnard and Burk, Inc. The City Council and the Utilities Commission requested that Mr. Burk meet with them and each a meeting was held on November 7, 1956. At that meeting Mr. Burk was advised that the City had created the Utilities Commission and that the City did not feel that they could be held legally or morally to a contract of indefinite duration, entered into after the election and before the Utilities Commission was created. Mr. Burk assured that the City wished to pay his company whatever

was fairly due it. He was requested to consider the matter and submit to the City his firm's statement. At that time he agreed to do so.

"Nothing further was heard from Barnard and Burk, Inc. and during the meeting of the Louisiana Municipal Association in New Orleans on March 14-15, the subject was again discussed with Mr. Burk. He was requested to furnish the City of Monroe a statement of his firm's position in the matter.

## JOINT SESSION

"On March 18, 1957, the City Council and the Utilities Commission discussed this matter in joint session. It was the unanimous sense of the Utilities Commission and it was also the feeling of Mayor Howard and Commissioner McSherry that the City of Monroe should not be bound to this contract. Commissioner Rodriguez descended from this position. This determination was based on the thought that the City should not be held to a contract entered into at the last minute in such a manner with an engineering firm that had taken an active and public part in the election of May 1956; particularly when such a contract undertook to tie the hands of a commission which had not been created and which is now charged with the responsibility for the management of these utilities.

"By letter of March 20, 1957, the City Council and the Utilities Commission have been advised by Barnard and Burk, Inc. that they insist on the maintenance of this contract and that they will not release the City from such contract.

"The City Council and the Utilities Commission regret that Barnard and Burk, Inc. have seen fit to take this position. However, the City Council and the Utilities Commission are firm in their conclusion that they should not be bound by a contract entered into under such circumstances and they therefore intend to go forward with the necessary plans for the urgently needed expansion of the power plant."

# Earthquakes Rock 'Frisco Area Friday

(Continued From Page One)

started. The first had a continuing action for several seconds which caused the tall buildings of the metropolitan area to rock from side to side in a pendulum motion.

The noon-day quake was felt over a 200-mile north-south area from Ukiah in Mendocino county to Watsonville, nearly 100 miles south of here. It was also strongly felt in Sacramento, some 110 miles to the east.

In Daly City, just south of San Francisco authorities evacuated some 1,500 residents from a five-block area of the Westlake residential district when a cracked reservoir threatened to unleash nearly a million gallons of water on the area.

Scores of heavy plate glass windows were shattered in the metropolitan area; the Golden Gate Bridge, world's largest single suspension span, was set "galloping" and several highways were cut by landslides or crumpled pavement.

## FEARED ANOTHER QUAKE

Sgt. Dave Hanson of the Daly City police, in charge of the evacuation, said the move was made for fear another strong quake might cause the whole wall of the reservoir to crumple before it was drained.

In San Francisco, the fire department reported they had received between 50 to 100 calls, but most turned out to be broken pipes and other small damage. The department said there were a few small fires, all of which were quickly put out.

The quake was felt violently in the United Press bureau, located atop the six-story San Francisco News Building. Hanging light fixtures were sent lashing back and forth and loose objects tumbled from shelves and filing cabinets. Staff members who were standing at the time were forced to grab for support or stand spraddle-legged like sailors in a storm to avoid being thrown down.

The three quakes were recorded at 8:30, 10:48 and 11:45 a.m. PST. University seismologist Dr. Don Tocher said the first tremor had a magnitude of 3, the second 3.75 and the third 5.5. He said the third shock was centered so close to the laboratory that it shook the seismograph needle of its base and complicated an accurate reading.

The strongest quake ever recorded in the United States was the San Francisco quake of 1906, which had a magnitude of 8.5. A 400-foot stretch of highway bordering Lake Merced in southern San Francisco slid crumpling into the water and a long stretch of the scenic coast highway slipped into the Pacific.

### Long Budget Study Ended

BATON ROUGE, March 22 (AP)—Gov. Earl Long's legislative leaders today completed their fourth week of budget study, hearing requests from the State Department of Public Safety and special schools.

The Louisiana state schools for the blind, deaf, Negro blind, Negro deaf and spastic children asked for a total of almost one million dollars more to operate in 1957-58.

Public Safety Director Forrest Pendleton asked \$352,175 for his department, an increase of \$26,895.

State Police Supt. John Nick Brown sought a \$4,991,635 operating budget, up \$596,166 over the present appropriation.

The requests for the special schools included:

- State School for the Blind \$231,817, up \$38,425; State School for the Deaf \$606,627, up \$97,176; state for the Negro Deaf \$236,965, up \$36,657; and State School for Spastic Children \$276,084, up \$37,651.

Next week the committee will study such major items as the Highway Department's proposed spending program, trade schools, New Orleans Charity Hospital and the attorney general's office.

On Friday, the group is expected to end its examinations after a budget conference with the State Department of Public Welfare.

### Four Airmen Die In Crash Of Stratojet

ORLANDO, Fla., March 22 (AP)—Four airmen were killed early today when their B-47 Stratojet bomber, taking off from Pinecastle Air Force Base, crashed in a field four miles from the base.

The plane, on a routine training flight, suddenly began to lose altitude. Its left wing struck a tree and the craft catapulted to earth, cutting a furrow across a field before it came to rest.

The crash was about a half mile from the home of Ed Barber, Mrs. Barber said she saw there was something wrong and as it went over she looked out the back door and reported it appeared to be on fire.

Pinecastle AFB identified the dead as:

- Capt. Norman B. Horowitz, 33, whose widow and two children live at Orlando and whose parents reside in Bossier City, La.
- Lt. David R. Lewis, 25, whose mother lives in San Francisco, but who was visiting Orlando at the time. His father, Paul R. Lewis, resides in Oakland, Calif.
- Lt. Brian H. Rodgers, 23, of Morganfield, Ky.
- Sgt. Louis Grau, 29, whose widow, Meda Ann, and four sons live at Orlando.

### GOP Candidate Sees Victory In Texas Race

By UNITED PRESS

Hutcheson said Friday it will take between 400,000 and 500,000 votes to win in the April 2 special Senate election.

Another candidate, State Sen. Searcy Bracemwell, predicted last week that 350,000 votes would win.

Hutcheson said he would win with 300,000 Republican votes plus "numerous votes from independents and Conservative Democrats."

**HITS BACK AT DIES**

Hutcheson, before a women's league in Breckenridge, also reported at Martin Dies for saying Thursday that Hutcheson was a "federal righter" instead of a "states righter."

"That isn't true and he knows it isn't true," Hutcheson said.

"I worked to get a states right platform written into the Republican platform as a delegate to the last national convention," he said. "I believe he (Dies) did not lift a finger to do as much in the Democratic convention."

Dies said Friday that he was "very interested in what John McCully will have to say to the Senate investigating committee about his agency handling \$100,000 of Ralph Yarborough's previous campaign expenses and the ICT insurance scandals."

## Dismissal Asked For New Orleans Integration Suit

NEW ORLEANS, March 22 (AP)—Failed to show that they were in the city of New Orleans today.

U. S. District Judge J. J. Wright set April 17 as the date for hearing on the motion to dismiss a suit against municipal officers, it is in effect a suit against the state.

In the motion to dismiss, lawyers for the city and attorney general Jack Gremlion stated the suit failed to make a claim against the defendants upon which relief can be granted.

The motion argued also that the court is without jurisdiction and that the defendants are not proper parties to the action because they are not vested with enforcement powers.

The suit seeking to end segregated seating in the buses was filed by Abraham L. Davis Jr. and William R. Adams. They ask a declaratory judgment and that a three-judge court be convened to declare certain statutes unconstitutional. Davis and Adams ask the court to stop the defendants from enforcing the statutes.

The city's motion argued that city councilmen named as defendants have legislative powers only and no administrative or executive powers.

It argued further that director of city utilities Paul Ristoph, another defendant, does not have authority to make arrests or prosecute the complaining parties.

The motion states that while Mayor deLoesep Morrison and police Supt. Provosty A. Dayries have police powers, no allegation has been made that there were arrests or convictions.

The motion further contended:

1. That the plaintiffs have

## Evening Mass Pope Orders Liberalizing Of Communion

VATICAN CITY, March 22 (AP)—Pope Pius XII has liberalized rules for evening Mass and the communion fast to meet changing conditions of modern life.

The new rulings announced today extend liberalizations that he made in 1953. They become effective next Monday.

The Pope now gives Roman Catholic bishops the right to celebrate evening Mass daily "so long as it is required for the spiritual welfare of a considerable number of people."

The 1953 liberalization permitted evening Mass on a limited basis, and on a sort of trial period. The practice proved successful, especially in Italy, where working people could more easily attend Mass in the evening than in the morning.

The new rules require priests and Roman Catholics to abstain only three hours from solid food and alcoholic drinks before attending Mass and receiving Holy Communion.

In the past, the fast was ordinarily observed from midnight of the day on which communion was to be received. Some modifications made in that rule in 1953 are now extended and made general.

According to the new regulations, nonalcoholic drinks may be taken up to an hour before receiving communion and water may be taken at any time.

Those who are sick, even though they may not be confined to bed, may take nonalcoholic beverages as well as medicines and solid foods at any time before receiving communion.

The three-hour fast from solid foods and alcoholic drinks required for those who are well must also be observed in the case of midnight Mass—most frequently celebrated at Christmas and sometimes at Easter.

## Diagnosis Given In Tot's Death

"Sickle cell anemia," an incurable disease which attacks only the Negro race, was the cause of the death of Iva Angela Young, 2, at Conway Memorial Hospital Thursday night. Her five-year-old brother, Roosevelt, Jr., is in serious condition at the hospital with the same illness.

The children were brought to the hospital by their parents, Martha and Roosevelt Young of Winsboro, and the boy received a blood transfusion today.

Three other children in the family do not have the illness.

## Ex-Postmaster Indicted By U.S. Grand Jurymen

OXFORD, Miss., March 22 (AP)—U. S. Dist. Atty. Thomas Eldridge said today a federal grand jury here has returned six indictments against James Lester Beasley, former Sherman, Miss., postmaster.

Five accuse the wholesale grocer of opening letters and the sixth charges him with unlawfully embezzling a letter, Eldridge said.

Sherman, 51, was removed from office early in February. The violations were said to have occurred on or about Feb. 6.

## Report Staggers Tobacco Stocks

NEW YORK, March 22 (AP)—Tobacco shares were staggered by another scientific report linking cigarette smoking to lung cancer.

### Highlights From The Ticker Tape

Government sources said yesterday that Australia wants to buy \$124 million of jet fighters and military transport plans from the U.S. government with payment over a seven year period.

They want to buy 34 F104 jet fighters and 12 C Hercules transports.

The National Malleable and Steel Castings Company's rail equipment division, which accounts for about half of the business, is still working off an abnormally large backlog. The backlog has slowly been declining but from all indications a substantial number of new freight cars should be ordered.

George Spatta, president of the Clark Equipment Company, said yesterday that the company is hoping for a 10 per cent increase in sales this year to approximately \$160 million about 45 per cent from materials handling, 30 per cent construction equipment and 25 per cent automotive and truck components.

The United States Steel Corporation and Youngstown Sheet & Tube Company have contracted to buy large amounts of metallurgical coal from Pittston Company mines in southwest Virginia, a reliable source told today.

Scrap of secondary grades dropped sharply in Pittsburgh reflecting expectations of further easing in steel production rates.

U.S. Rubber will start work immediately on a \$5 million tire plant in Cuba. It will have a capacity of 125,000 auto and truck tires annually.

Development of a power kit that provides a 7 per cent increase in the horse power of the Rambler V-8 cars was announced by American Motors.

Builders told Congress housing starts may fall as low as 800,000 units this year, compared with 1.1 million in 1956.

North American Aviation received \$4,300,000 of new orders from the Air Force and the Navy for NADAR, an electron-mechanical magnetic tape recorder-reproducer system.

### POTATOES

CHICAGO (AP)—(USDA)—Potatoes old; arrivals 65; track 217; total U. S. shipments 717; Minnesota North Dakota Red River Valley potatoes 1.90-1.95; Idaho russets 3.50-3.60 new; arrivals 12; track 62; supplies moderate; Florida round reds 1.95.

### Naval Stores

SAVANNAH, Ga. (AP)—Gum naval stores today: receipts, turpentine 99, rosin none; shipments, turpentine 46, rosin none; stock, turpentine 835, rosin 41.

### POULTRY

CHICAGO (AP)—Live poultry quiet; receipts 177 coops; yesterday 134 coops; 16,000 f.o.b. paying prices unchanged; heavy hens 14-18, mostly 14-16; light hens 12-13; old roosters 12-12½.

## Cotton

### New York

NEW YORK, March 22 (AP)—Cotton futures closed irregular in dull trading today, with nearby months easing and new crop positions slightly higher. Final prices ranged from 40 cents a bale lower to 20 cents higher.

Old crop positions, which had gained earlier in the week, felt some profit-taking and light liquidation. Small trade buying and some late short covering limited the declines in these contracts. New crop months rose mostly because of a scarcity of offerings rather than any particular buying interest, although there was some sentiment among traders that these positions had been oversold. Some buying in October and December was credited to New Orleans interests.

### SENTENCED FOR CONTEMPT

Herman Liveright, former New Orleans television executive, talks with his attorney, Harry I. Rand, right, at the United States Courthouse yesterday in Washington after being sentenced to three months in jail for contempt of Congress. Liveright also was fined \$500. The charge grew out of his refusal to answer questions a year ago during an appearance before the Senate Internal Security Subcommittee. (AP Wirephoto)

## Three New Wells Are Completed In Monroe District

Three wells were completed in the Monroe District during the past week the local office of the State Conservation Department announced. Two are oilers and one a gas distillate well.

The Olin Oil and Gas Corp. well No. J-1, in section 18-21-3 east of the Monroe field in Union parish was finished March 15, testing a daily flow of 280 barrels of 40 gravity oil through a 12-64 inch choke from perforations at 8,998 to 9,003 feet in the Smackover lime formation. The tubing pressure was 850 psi at the well head.

The second oiler to come in was the Jett Operations Inc., Harper unit, unit No. 6 located in section 10, township 10, range 12 east in the Rodney Island field of Tensas parish. This well was completed March 16, testing 134 barrels of 40.5 gravity oil daily on a 7-64 inch choke. Production is

9,987 feet with a tubing pressure of 1,200 psi. Total depth of the well is 10,078 feet.

The Union Producing Company Odom well No. 1, section 4, township 21, range 3 west was finished on March 19. The well is flowing 304 barrels of 54.5 gravity oil daily and has a gas output of 975 MCF daily. Production is from perforations at 10,294 to 10,300 feet with a tubing pressure of 2,310 psi and a gas-oil ratio of 3,230 to 1. The total depth of the well is 11,100 feet.

A total of six new drilling applications were filed with the local office. They are located in the following parishes:

CONCORDIA

South Esperance Point field. Jett Drilling Co. Paul F. Barnhart et al. Hog-Experience A-9-D dual comp. to Hog-Exp No. A-9-D located from the intersection of the west line of section 8 and the meander line of 1827, go 27 degrees 47 feet east for 8,119.21 feet to location in section.

FRANKLIN

South Big Creek field: R. D. Phillips, J. Summers No. 2, sec. 30-16-8E, located 330 feet north of the south line and 330 feet west of the east line of the northwest quarter of the northeast quarter.

RAPIDES

Big Island field: Cordell and Cordell Co., Cyril L. Beauboeuf et al No. 1, sec. 11-4-3E, located 462 feet north and 638 feet east of the southwest corner of the northeast quarter of the north-west quarter.

TENSAS

Killens Ferry field: Robert F. Roberts et al — Ayer Timber Co. Ind. No. 1, sec. 6-13-10E, located 430 feet south and east of the northwest corner.

Rodney Island field: Heep Oil Corp. et al Harper No. B-5, sec. 12-10-12E, located from the intersection of the west line of section 11 and the meander line of 1827, go north 21 degrees 22 minutes west for 2946 feet to location; Jett Drilling Co. Inc. et al Harper No. C-2, sec. 11-10-12E, located from the intersection of the east line of section 11 and the meander line of 1827, go north 82 degrees, 34 minutes west for 2536 feet to the location.

The lone abandonment for the week was the Marlin Exploration Inc., Madison Oil and Dev. Co. No. A-7 in the Concordia wildcat field. The site was plugged and abandoned March 14 at a depth of 6,710 feet.

Fireman Hurt

In Local Blaze

A fire-alarm landed a Monroe fireman in St. Francis hospital this noon with several fractures in the bones in his right foot.

F. J. Morris, of Route 2, Monroe, was rushing to answer the call when he slipped and his foot hit the brick wall in No. 3 Fire Station.

He was treated at the hospital, and a cast was placed on his foot. He is now at home, and physicians stated that it will take from 6 to 8 weeks for the fractures to heal.

## Words Can Change Your Life

By Herbert J. Taylor

Former President Of Rotary International

said, and did in our relations with others.

### Turned To Prayer

When I had a problem I can't answer myself, I ask the Lord to help me. So one morning, I leaned over on my desk, rested my head in my hands, and prayed.

In a few moments I reached for a white paper card and wrote down that which had come to me — in 24 words. Here it is:

### The Four-Way Test

1. Is it the truth?  
2. Is it fair to all concerned?  
3. Will it build goodwill and better friendships?  
4. Will it be beneficial to all concerned?

I decided to check everything that came up that day against the first question, "Is it the truth?" The first thing I picked up was a tear-sheet of some advertising we were running. It ballyhooed our product as "the greatest cooking ware in the world." "We can't prove that," I said. "It just isn't true."

### Cleaned It Up

I called in the advertising manager, and we cleaned up the ads. We eliminated all superlatives from the copy. We stopped using words like "better" or "best" or "finest" and simply stated the facts about our product.

After 60 days I talked it over with my four department heads—by faith, a Christian Scientist, a Roman Catholic, an Orthodox Jew, and a Presbyterian.

"Is this test contrary to anything in your faith?" I asked. They all said no and agreed to memorize and use it. We asked everyone in the company to do the same.

### Predicted Failure

Some time later one of our top salesmen came in to see me. "Mr. Taylor, this thing's going to hurt sales," he said. Our procedure was to sell a dealer as much as we could; loading him down with our products was considered good salesmanship.

"But that doesn't agree with Number Three — Will it build good will? No Number Four — Will it be beneficial to all concerned?"

"Let's try selling according to the Four-Way Test, and in the long run it will be profitable," I suggested.

A little later our salesman handed clients a calling card with the test questions printed on the back. "Of course, I can't live up to this perfectly, but I'd appreciate your help," a salesman would

IMPROVES AVERAGE

### Relaxed Bat Grip Is Bolger Secret

By JERRY LISKA  
MESA, Ariz., March 22 (AP)—Jim Bolger's new "relaxed" batting grip may ease some of Manager Bob Scheffing's worries over his Chicago Cub outfielder.

Bolger, a big Cub bust in 1955 when he batted .206 in 64 games, came to life under Scheffing with the Los Angeles Angels last year, batting .326, driving in 147 runs and slugging .28 homers.

"I found my grip on the bat had been too tight," Bolger explained today. "My wrists were locking just before I hit the ball and the harder I swung the more power I seemed to lose."

"So in the Pacific Coast League last year I tried to loose grip, just guiding the bat at the start of a swing and then tightening

my hands before impact with the ball."

"With the change, I tried a little lighter bat, a 32-ounce stick instead of my usual 34-ounce."

"I have confidence now in my hitting as far as the major leagues are concerned. I never worried about my fielding up here."

Bolger, being tried by Scheffing at both trouble spots in the outfield, left field and center field was hitting at a .300 pace through 11 exhibition games with 12 hits in 40 trips and 10 RBIs.

"Bolger gave me a terrific season at Los Angeles," Scheffing said, "and he certainly rates a good chance to win a regular outfield berth with the Cubs."

Although only 25, Bolger has played with nine professional teams, including the Cincinnati Redlegs, who signed him in 1950 as a star athlete from Purcell High School in Cincinnati.

The Redlegs gave Bolger a trial with Charleston, Williamsport, Little Rock, Burlington, Columbia and Tulsa. Even though Bolger batted .311 for Tulsa in 1954, the Redlegs sold him to the Cubs.

After his sour 1955 season with the Cubs, the bespectacled Bolger was sold to Los Angeles and went through the unrestricted draft the following winter without another major league club wanting him for the \$15,000 claim price.

Then Bolger turned up as regular outfielder and cleanup man with the Angels team that won the Pacific Coast League pennant by 15 games for Scheffing.

### 5 Pros Share Miami Beach Pro-Am Cash

MIAMI BEACH, Fla., March 22 (AP)—Five wind-swept, rain-pelted golf pros stroked into a winning tie, good for \$430 apiece, today in the \$5,000 Miami Beach Pro-Amateur at Bay Shore golf course.

Carding five-under-par 67s in the multiple win were Paul Harney, Boston; Walker Inman, Fort Lauderdale, Fla.; E. J. (Dutch) Harrison, St. Louis; Bert Weaver, Beaumont, Tex., and Gary Player, Johannesburg, South Africa.

Another platoon of pros — six all told — deadlocked at 68 and got \$158 each.

One of them, Peter Thomson of Melbourne, Australia, got out in a sensational 31 strokes, then shot out of bounds on the 16th and into a trap on the 17th for an in-bounds 37.

Harney, graying, 27-year-old shotmaker, finished first among the winners and would have collected \$700 had four rivals not matched his card.

Winds with 20 to 30 miles gusts, and rain showers hampered the field.

Low scores, and winners:

Paul Harney, Bolton, Mass. 35-32-67 (130)  
Walker Inman, Fort Lauderdale 34-33-67 (130)  
E. J. (Dutch) Harrison, St. Louis 32-33-67 (130)  
Bert Weaver, Beaumont, Tex. 35-32-67 (130)  
Gary Player, Johannesburg, South Africa 35-32-67 (130)

Shelly Mayfield, Westbury, N. Y., 34-34-68 (138)  
Herman Barron, White Plains, N. Y., 34-34-68 (138)  
Don January, Lampasas, Tex. 34-34-68 (138)  
Marty Furgal, Lemont, Ill. 34-34-68 (138)  
Peter Thomson, Melbourne, Australia 33-37-68 (138)

Walter Burkemo, Franklin Hills, Mich. 35-33-68 (138)  
Don Fairfield, Casey, Ill. 34-35-68 (139)  
Bob Hamilton, Evansville, Ind. 36-34-70 (140)  
Jim Turnesa, Elmsford, N. Y., 34-36-70 (140)

Judge Harold Barnes votes for Berrios, 8-4, while Judge Arthur Aidaia had for Berrios but only by a shade. He had it even in rounds 6 but gave it to Berrios on points, 7-6. Referee Harry Kessler voted for Costa, 7-4-1. The AP card had Berrios ahead, 8-4.

### Monroe Five In Calhoun's Semi-Finals

CALHOUN, La., March 22 (Special) — The Monroe Wreckers led the way into the semi-finals of the Calhoun Independent Basketball Tournament here tonight with a 93-55 triumph over Choudrant, but Kilpatrick-Gresham Motors of Jonesboro looked hottest in mastering Epps, 108-80.

Bob Bennett and Jerry Lovett, with 32 points apiece, and L. V. Norris, with 28, led the Kilpatrick-Gresham march. Johnston was high scorer for Epps with 18.

Stegall and Wheeler, each with 12 points, led the Wreckers past Choudrant whose Billy Joe Bagwell was the game's high scorer with 13.

Other results today saw Reorganized Latter-day Saints of Monroe topple Roach's Nursery, 60-58, and the Winnboro Independents bag Ruston Independents 51-40. Gene Mathis paced the Saints with 21, while Billy Brownlee has 12 to top Roach's Nursery. Walker led Winnboro with 13, but Hodges of Ruston was high scorer of his game with 19.

Three games Saturday morning will determine the teams to join the Wreckers in the semi-finals.

The Saturday schedule: Winnboro vs. Kilpatrick Funeral of West Monroe, 8 a.m.; Kilpatrick-Gresham vs. Ruston Pups, 9:30; R.L.D.S. vs. Frenchie's of Monroe, 10:45; semi-finals, 2 and 3:45 p.m.; consolation, 6:30; championship, 8 p.m.

### Berrios Gets Split Verdict In Costa Bout

NEW YORK, March 22 (AP)—Tiny Miguel Berrios advanced into the semi-finals of the featherweight elimination tournament tonight by outpointing Brooklyn's Carmelo Costa in a television 12-rounder at Madison Square Garden. The Puerto Rican contender finished strong, dropping Costa in the 10th round, to seal the verdict.

The 5-2, 24-year-old Berrios, was the aggressor all night, scored the harder punches and the only knockdown, but won only by split decision.

Judge Harold Barnes votes for Berrios, 8-4, while Judge Arthur Aidaia had for Berrios but only by a shade. He had it even in rounds 6 but gave it to Berrios on points, 7-6. Referee Harry Kessler voted for Costa, 7-4-1. The AP card had Berrios ahead, 8-4.

### Neville Takes Practice Game With Ouachita

Handcuffed by weather that has spoiled their workout chances, the Neville High Tigers and the Ouachita Parish High Lions got together in a practice game yesterday evening on the Neville diamond with the Bengals winning 7-2.

Coaches Jim Coats of Neville and Jack Gray of Ouachita got together on the practice session yesterday morning when the weather developed warm and clear. Ouachita hadn't had a game all season, and Neville had worked in one with West Monroe. Both had games delayed by wet grounds.

Freddie Southerland and Jim Altick shared Neville pitching while Billy Thomas and Rex Carter worked on the mound for Ouachita.

Neville got seven hits, all singles. Ouachita was held to three hits, one a double by Dickie Crowe.

Score by innings: 000 110 0-2  
Neville 310 003 x-7  
Southerland, Altick, (5) and Ragan; Thomas, Carter (5) and T. Crowe, Spence.

# Northeast, Delta State Clash

### Indians Draw 1st Baseball Foe Of Spring

Coach George Luffey unveils his Northeast Louisiana State Indians in their season-opening baseball game here this afternoon when they engage the Statesmen of Delta State Teachers College, Cleveland, Miss., at 2:30 o'clock on the Northeast diamond.

Delta State made its debut yesterday by splitting a double header with Mississippi College. The Choctaws won the opener, 8-1, but the Statesmen took the nightcap, 7-3.

The contest opens a 19-game schedule for the Redskins who get an almost solid dose of Gulf States Conference play after their first three games. They give Delta State a return game at Cleveland on Tuesday, and meet Louisiana College here next Saturday. G.S.C. play will open for the Indians when they meet Northwestern here April 5. Only a Louisiana College date on April 30 will break the solid string of conference scraps.

Billy Joe "Bo" Laird of Crowleyville draws the starting assignment as pitcher for the Tribe today, but Coach Luffey plans to work him for hardly more than three innings, following with hurlers as yet undecided but to come from Jackie Norman Joseph Groves, Carroll George, Lyle Dorsey, Larry Clements, and Barr Taylor.

"We've had our workouts hampered by weather, and it's hard to determine this early just how good we'll be," Coach Luffey said yesterday. "But the pitching has been looking pretty fair, and the hitting, which has been our weakness in recent years, is doubtful but is expected to be an improvement over last year."

Coach Luffey last night said that in addition to Laird, his starting lineup will include Harry "Red" Rushing or Gary Hucksaby, third base; Ken Venable, shortstop; Jack Brooks, second base; Evered Reynolds, first base; Ray Hopper or Guy Gannaway, catcher; Mitchell Hughes, right field; Ike McMullen, center field; and James McKel, left field.

Following Laird on the mound will be Joseph Gross, Carroll George, and Larry Clements.

Others who will probably see action for the Tribe are Jim Laudadio, Zeke Estep, Ed Auld, Homer Rouse, Vern Freeman, Ronnie Walters, and John Freeman.

### Flam, Candy Advance To Semi-Finals

MIAMI BEACH, March 22 (UP)—Herb Flam of Los Angeles and Don Candy of Australia won matches Friday in the Good Neighbor Tennis Championships and set the stage for two American-Aussie duels in the semi-finals Saturday.

While Flam and Candy play each other, Vic Seixas of Philadelphia will go against Australian Mervyn Rose.

Flam won his quarter-final Friday from Mario Llamas, 6-4, 6-3, in a demonstration of power the Mexican champion couldn't match. The first set went to four, all before Flam pulled ahead, but the U.S. No. 2 player had things more his own way in the second set, leading 5-2 and then winning as games followed service.

Candy eliminated Gardner Mulloy of Denver, 6-2, 6-2, as the former U.S. champion, now 44, showed flashes of greatness but was too erratic. Candy was particularly steady at the baseline while Mulloy lost frequent points that accuracy would have turned into placements.

Flam and Candy played the second set in the eighth, then 6-6 and 6-6 at the finish of the second extra period.

It was a close game all the way, with the biggest lead being North Carolina's 6-0 at the start and 7-6 in the third overtime.

Michigan State led by five at 54-49 with 6:05 to go in standard time for its biggest advantage.

Rosenbluth was the game's high scorer with 29 points, 23 of them in regular play. Jack Quiggle led Michigan State with 20.

The 6-5 guard, who had an average of 28.2 in North Carolina's 30 straight wins before Friday, was partially held in check by Michigan State's 6-5 sophomore, John Greene. Greene pressed Rosenbluth hardest in the second half and had him playing the back line with little Tommy Kearns instead of under the basket as usual.

The game had a dozen highlights and turning points as it saw-sawed throughout.

Referee Al Lightner, who worked the Kansas-Oklahoma City game at Dallas a week ago, drew considerable criticism from the crowd several times.

The biggest boos came when he whistled for a North Carolina time

HEMUS WORKS DOUBLE PLAY

Philadelphia Phillies second baseman Solly Hemus has Chuck Harmon of St. Louis Cards down and out and is starting his throw to first base to get Gene Green for a double play. This seventh inning play in yesterday's exhibition at St. Petersburg, Fla., started with Green grounding to Hemus who tagged Harmon on his way to second. (AP Wirephoto)

### Rebels Overhaul Bolton In 7th For 6-To-5 Win

By LEMMIE HIGHTOWER

Catcher Jerry Grubbs and right fielder Johnny Huntsman capped a five-run final inning rally by the West Monroe Rebels here yesterday afternoon with a pair of singles that brought across three runs.

With the bases loaded, two outs in the book, and the count standing at three balls, two strikes, Grubbs deadlocked the affair with

his blistering single. Huntsman followed immediately with a swat that was just inches out of the reach of Bolton third baseman Larry Davis. Jerry Stovall and Kelton Bacon had raced across the plate on Grubbs' hit while Jimmy Caldwell sprinted home on Huntsman's deciding smash.

The victory marked the second of the season for the Westsiders against the same number of set-backs.

Wayne Works, who pitched only the seventh inning for the Rebels, received credit for the win. Jodie White followed Newell with the bases stacked and one tally already scored to take the loss.

Works was the fourth West Monroe pitcher to see duty during the tilt. Starter Gary Murphy opened the parade in the fourth after appearing strong in the early innings. Jerry Ingram and Aubrey Patton preceded Works in that order.

Bolton's biggest rally came in the fourth stanza when they brought through three runs on four hits and a base-on-balls. Outfielder Butch Crenshaw signaled the downfall of Murphy, who had previously held the visitors hitless, when he doubled to start the run-around. Catcher J. T. Rogoos drove Crenshaw home with a single. After advancing on a walk to Davis Rogoos scored on a hit by Newell. Davis chased home on a one-bagger by Jerry Daniels.

The Bears added a run in the fifth and another in the sixth segment and appeared to have the victory iced away until the seventh round explosion.

Box score:

Team	AB	R	H	E
Bolton	30	1	3	4
West Monroe	30	6	10	2

West Monroe: Dinnat, 3; Ingram, 2; Murphy, 1; Davis, 1; Stovall, 1; Bacon, 1; Grubbs, 1; Caldwell, 1; White, 1; Works, 1; Newell, 1; Lolley, 1. Totals: 30 AB, 6 R, 10 H, 2 E.

### Bowlers Open 3rd Week Here Today

It's back to the alleys for women bowlers of Louisiana as new teams and individuals challenge for the lead in the Louisiana Women's Handicap Tournament which opens its third weekend of play at Monroe Bowling Center today and tomorrow.

Florence Rosenthal, Lafayette, whose opening week 720 singles series withstood the second week challenges, and Melancon Plumbing of Houma, which set the team lead with 3,107 pins the first week, head their departments as the fresh challengers move in.

But the doubles team of S. Davis and L. Haarla of Bogalusa last week displaced M. L. Aaron and D. Kasper, the first week leaders, who dropped to sixth place as five doubles combinations turned in better scores last Sunday.

This week's action will mark the midway point in the tournament which will have two more weekends to run before champions in the various departments are determined.

Atty. Paul Caruso said it may take five or six months for the case to go through the district court of appeals. It then could be presented to the state supreme court.

Aragon, former third-ranking welterweight, was sentenced yesterday to from 1 to 5 years in prison. The so-called Golden Boy was convicted a month ago of offering Dick Goldstein \$500 to fake a fourth-round knockout.

The bout was scheduled for last Dec. 18 in San Antonio, Tex. It was cancelled when Aragon turned up ill.

After a night in jail, he was asked this morning if he would try to fight again if the decision were reversed.

"I've always fought with my heart and head, but my heart is broken now," he replied.

"I don't know if I could ever fight again, even if I was given a chance. Right now I want to forget about fights. I'm in a daze. I can't believe what's happened. It's all too impossible."

Aragon, 29, is married and the father of three children.

Moore plans to sign for Detroit bout

DETROIT, March 22 (UP)—Olympia Stadium promoter Nick Londe said Archie Moore will sign a contract here Monday morning for a June 7 light-heavyweight championship bout at Olympia.

Londe said Moore will be here Monday with his manager, Charley Johnston, and his "advisor," Jack Kearns, for a conference on the title match, slated against the winner of the April 5 Chuck Speiser-Tony Anthony fight at Olympia.

Londe said he's certain Moore wouldn't be coming from his home in San Diego unless he was ready to sign the fight contract.

Londe said Floyd Stevens, Grand Rapids, Mich., president of the National Boxing Assn., has extended the March 18 deadline for Moore's signing in view of the "imminence" of the signing Monday.

The NBA executive committee had told Moore to sign by March 18 or see his title declared vacated.

The verbal agreement by Moore and Johnston for a Detroit fight was announced more than a month ago, but the actual signing for the bout was delayed and clouded after a federal court ruling that the International Boxing Club was a monopoly.

The title fight was to be a joint promotion by the IBC and Olympia, owned by the brother of James J. Norris, president of the IBC.

But Friday, Norris announced in New York that Federal Judge Sylvester Ryan, who handed down the monopoly ruling, had said the IBC could go ahead with plans for the fight pending its appeal of the court's decision.

Moore last defended in June, 1956, against Yolande Pompey in London. He lost a bid for the heavyweight title when knocked out by Floyd Patterson in Chicago in early December.

Favored are John L. Applebaum's Mister Jive and Saggy Farm's Sags Gem.

Mr. Jive, topweighted at 124 pounds, was fourth to Bold Ruler in the \$100,000 Flamingo Stakes, when Bold Ruler ran the mile and an eight in the track record time of 1:47. Jockey Charlie Burr will be up on Mr. Jive in his first start since the Flamingo.

Sags Gem drew 121 pounds. The Maryland-bred son of Saggy is known to have tremendous speed at the start, as displayed in winning the George Washington Stakes here earlier and the Dade County Handicap at Tropical Park last winter.

Riding Sags Gem will be Sammy Boulmetis.

Pro-Drandy also will haul 121 pounds. The Carolyn K. stable prize won five consecutive races last year and won his first 1957 start last week.

Others in the field are Mrs. Ethel D. Jacobs' entries of Perthshire, Promised Land and Roscoe Maney; William H. Bishop's Kid Maney; John A. Manfuso's Astracorn; John A. Manfuso's Astracorn; William I. Patterson's Blue Ray and Mrs. Jules Schwartz's Nah Hiss.

Kid Jr. drew the No. 15 starting position and will be the colt to start outside the gate.

## Bragan Says Bucs To Continue Climb

By JACK HAND  
FORT MYERS, Fla., March 22 (UP)—The Pittsburgh Pirates who shocked the National League by taking the lead last June only to fall back to a seventh place finish think they are good enough to make fifth place this season.

## Maserati's 2 Best Drivers In Own Cars

SEBRING, Fla., March 22 (UP)—The favored Maserati team will put its two top drivers in separate cars for Saturday's 12-hour Sebring Grand Prix, it was learned Friday, as sleek sports cars from 15 countries ran through final tuneup spins.

Stirling Moss, the muscular young Britisher known in racing circles as "a driver's driver," said he will drive a three-litre Maserati with Harry Schell of Paris and that world champion Juan Manuel Fangio of Argentina will drive the big new 4.5-litre Maserati with Jean Behra of France as his co-driver.

News of the last-minute strategy move, which Maserati team officials planned to announce just before race time, jolted drivers from the other top teams as they got set for the big race, which gets underway at 9 a.m. CST Saturday.

"They're smart," said the black-haired Marquis de Portago of Spain, top driver for the Ferrari team. "They're not putting all their eggs in one basket."

Moss, who doesn't drink or smoke and often does road work to keep in top physical shape, was the odds-on favorite to be in front after the first lap at the 2.2-mile Sebring Airport track. He is famous as a deersieving professional driver who nearly always gets away first in the Le Mans-type start which some 65 sports cars will use Saturday.

## Creed, Burns Out Of North, South Action

PINEHURST, N. C., March 22 (UP)—Medalist Marge Burns and highly regarded Clifford Ann Creed were sent to the sidelines today in the second round of the North and South Women's Amateur Golf Tournament.

Anne Quast and Anne Richardson survived the upset scare on a chilly, rain-soaked course by coming from behind on the back nine to gain tomorrow's quarterfinals.

Mrs. Casey Johnstone, four-time winner of the Iowa state title, shot a par 37 on the front nine of the Pinehurst Country Club's No. 2 course and the Marion City star went on from there to oust Miss Burns of Greensboro, N.C., 3 and 2. That sent her into a meeting tomorrow with Miss Quast, 3 and 2 winner over Rudy Bell of Wichita, Kan.

Miss Creed, the mighty mite from Opelousas, La., lost 2 and 1 to bogey to stocky Cynthia Sullivan of Harrisburg, Pa., a six-handicap player who is a student at Coker College at Hartsville, S.C.

Miss Richardson had to win the last two holes to go ahead for the first time in a grim 2 and 1 duel with Betty Kerby of Akron, Ohio. Miss Richardson's foe tomorrow will be Mrs. Paul Dye Jr. of Indianapolis who eliminated Dale Fleming of Tulsa, Okla., 4 and 2.

Miss Sullivan now finds herself matched with Barbara McIntire of Toledo, Ohio, 4 and 3 winner over Mrs. R. M. Torgeson of Forest Hills, N.Y.

Mary Ann Downey, a Baltimore threat who looks like the best bet to represent the lower bracket in Monday's finals, had the day's easiest match, 2 and 1 over Mrs. Lou Miller of Hot Springs, Ark. Mary Ann was 7 up at the turn as she was over par and never lost a hole.

Tomorrow she plays improving Mrs. N. S. Woolworth of New Britain, Conn., 2 and 1 victor over Greta Leone of Chicago.

## Celtics, Nats Playoff Today For Television

By THE ASSOCIATED PRESS  
Television viewers will get an opportunity to witness the second game of the National Basketball Association's eastern division semi-finals today as the Syracuse Nationals attempt to square their first-of-five series against the Boston Celtics.

The game will be beamed by NBC starting at 1:30 p.m. (CST). The Celtics jumped off to a 1-0 lead Thursday night with a 108-90 victory. On this home court, Syracuse holds a 7-6 season's edge over Boston.

The western division semi-finals open tomorrow in St. Louis with the Minneapolis Lakers meeting the Hawks. St. Louis holds a 2-1 edge in the best-of-five series by virtue of Thursday's 118-90 triumph. Bob Pettit, playing with a cast on his fractured right hand, was the Hawks' big

Louis, we could be fourth," said Manager Bobby Bragan. "I think we'll beat Philadelphia, New York and Chicago."

"We're a much better club than we were a year ago with our outfield by far our strongest point. We have three men out there who can run, throw and field with any in the league and also hit for average. They may not have so much power as some outfielders but they'll do the job."

Bragan, the peppery pilot who moved the Pirates out of last place in his rookie year, has four definite reasons why he considers his 1957 club improved over last year's team.

"First of all, we have Bill Mazeroski from the very start, with a year's experience under his belt."

"Second, we have Bill Virdon from the very start. He hit like a champion for us after we got him from St. Louis in mid-May."

"Third, Frank Thomas is settled down at third base after his switch from the outfield. Pie Traynor has taught him some tricks about the position and he is happy about the job."

"Fourth, we're going to have a better bench. Last year the only long ball threat I had as a left-handed pinch hitter was Bob Skinner. This year I'll have John Powers, Paul Smith, Danny Kravitz and Skinner Leftywise, and Gene Freese and Ramon Mejias as right-handers."

"We're pretty much a set ball club but everybody has two or three challengers for his regular job."

The Pirate infield is set with Dale Long as first, Mazeroski (.243), the 20-year-old Hollywood grad, at second, Dick Groat (.273) at short and Thomas (.282) at third. If Long needs relief he can get it from Paul Smith, just back from service who probably will be the No. 4 outfielder. Thomas also can play first. Dick Cole (.212) and Johnny O'Brien (.173) the pitcher-infielder, will be in reserve.

Lee Walls (.274) in left, Virdon (.319) in center, and Roberto Clemente (.311) in right are Bragan's regular outfielders. Freese (.208), a former infielder, has been playing the outfield good enough to impress Bragan. Powers (.312 at New Orleans) and Mejias (.274 at Hollywood) may stick with Skinner.

The long shot outfielder who may surprise everybody if he can polish his fielding is Dick Stuart (.298 at Lincoln), the brash young man who hit 65 home runs and drove in 158 runs last year. The 24-year-old right-hander hit five homers in early exhibition games.

Bragan had fair catching last year but not enough hitting in that department. Kravitz (.265 at Hollywood) is back for another try and may wind up No. 1 if he can do the job behind the bat. "He can do it at bat but he has to smooth out behind the plate," Bragan said. Hank Foiles (.212) and Dick Lundy (.278 at Rochester) may wind up with the other jobs.

Bob Friend (.17-17, the work horse of the staff with 49 games, 42 starts and 314 innings), was one of the best pitchers in the league last season and could be again.

Ronnie Kline (.14-18) finished strong to earn equal billing with friend in some circles. He should be even better. Vern Law (.8-16) is the other certain starter.

Lack of a dependable lefthander on his thin staff hurt Bragan last year. He hopes Luis Arroyo (.3-3) may fill the bill and also is taking a good look at Paul Minner (.2-5) at Chicago, who has recovered from the neck injury he suffered with the Cubs.

Among the others, Bragan has seen promise in Laurin Pepper (.1-1), bonus baby Art Swanson (.0-0), Fred Walters (.2-3), Cholly Narango (.8-6 at Hollywood), George Witt (.8-8 at New Orleans) and Bennie Daniels (.13-3 at Lincoln).

The relief men probably will be Elmer Face (.12-13 in 68 games) and Clarence Churn (.9-7 in games at New Orleans).

## Delta Divides Double Header With Choctaws

CLINTON, Miss., March 22 (UP)—Mississippi College and Delta State College split a season-opening doubleheader today—Mississippi College winning the opener 8-1 and Delta State the nightcap 7-3.

A two-run double by Travis Amis and a two-run homer by Gil Winbourne were the big blows that gave Mississippi College the opening game. Elton Greer and Charles Bryan alternated on the mound to allow only three hits. Carl Foster absorbed the loss.

Lacy Chapman and George Hamner slammed a pair of three-run homers in leading Delta State in the nightcap victory. Len Lauderdale, who relieved Murray Bardin in the sixth, was the winner. Willis Steenhuis was charged with the loss.

(First)  
Delta State 000 010 0-1 3 2  
Miss. College 103 202 x-8 9 4  
Greer, Bryan (5) and Van Landingham; Foster, Graham (5) and J. Hamner.

(Second)  
Delta State 000 300 4-7 10 2  
Miss. College 002 001 0-3 7 1  
Barfield, Steenhuis (5), Watson and Van Landingham; Bardin, Lauderdale (6), Goodwin and J. Hamner.

Gun. He tossed in 14 of 22 points in the final quarter.

St. Louis is 10-4 over the Lakers for the year.

# Baseball Admitted 'Business'

## Claim 'Unique Industry' For Diamond Sport

By LEO H. PETERSEN  
BELLELAIRE, Fla., March 22 (UP)—Baseball defended itself against monopoly charges Friday by insisting it "is not the kind of business which should be subject to the anti-trust laws."

Commissioner Ford Frick, emerging from a long session with high major and minor league officials, freely admitted "baseball is a business," but cited two Supreme Court rulings and a congressional investigating committee report to back his stand it is a unique kind of business.

"(Baseball) believes a statute subjecting professional baseball to anti-trust laws will injure baseball without any corresponding benefit to the public," Frick said.

The emergency meeting of the commissioner, presidents of the two major leagues, representatives of all 16 major league clubs and national association (minor league) President George Trautman was called to clarify baseball's position on bills pending in Congress to regulate professional sports.

As a result of a Supreme Court ruling last month bringing professional football under the anti-trust laws, Rep. Emanuel Celler (D-N. Y.) and Rep. Patrick J. Hillings (R-Calif.) introduced bills to bring baseball within the anti-trust act as well.

But Friday, Frick cited a 1952 report by Celler, then chairman of an anti-monopoly committee investigating baseball, that the game is a "unique industry."

Frick quoted directly from the 1952 report which said in part: "Of necessity the clubs in each league must act as partners as well as competitors. The history of cooperation in many of the details of the operation of the baseball business is essential to the maintenance of honest and vigorous competition on the playing field. For this reason, organized baseball has adopted a system of rules and regulations that would be entirely inappropriate in ordinary industry."

That, Frick indicated, would be the basis of baseball's stand, if any is called for, on the pending legislation.

"We're not alarmed by this thing," Frick said later, "but when we're attacked, we fight back."

In a prepared statement after the meeting, Frick said baseball never pretended it was not a business and said, "it is both a business and a sport." He also said the Supreme Court in both baseball cases before it specifically held that baseball is a business and did not use the word "sport."

The commissioner indicated he is ready to attend hearings in Washington but denied a report that a special committee of three major league club owners would meet with political leaders to discuss baseball's position.

## Fancy 7-Nag Field Enters Rich Handicap

HALLANDALE, Fla., March 22 (UP)—Handicap star Bardstown, 1956 Preakness winner Fabius and Kentucky Derby champion Needles hook up Saturday in the \$126,600 Gulfstream Park Handicap.

Four others also were named Friday to oppose this trio in the mile and one-quarter run. They were Hasty House Farm's Platan, Mrs. Ada L. Rice's Call Me Lucky, D. E. Loveman's North Cone and Keystone Stable's Piecesofeight.

Bardstown and Fabius, both owned by Calumet farm, will run as a betting entry and the overnight favorite of the field at 3-5. Bardstown, carrying high weight of 130 pounds and handled by jockey champion Bill Hartack, will be striving to make a clean sweep of the three top handicap events of the Florida racing season.

The five-year-old gelding already has won the \$50,000-added Tropical Park Handicap and the \$100,000-added Widener Handicap at Hialeah. He was beaten only once, by Summer Tan in the \$50,000 McLennan, but avenged that defeat in the Widener.

The stretch-running Needles will be making his first serious bid in the handicap ranks. The long-legged D. & H. Stable colt returned to the races after a long layoff in a sprint time up 10 days ago and finished a fast-closing second.

Needles, with regular jockey Dave Erb up, will carry second high weight of 126 pounds and is rated a 3-1 second choice. His old rival, Fabius, gets in with 123 pounds and will be ridden by Eddie Arcaro.

Weights, jockeys and probably odds on the other entries were: North Cone, 110, W. M. Cook, 20-1; Platan, 113, Johnnie Adams, 25-1; Call Me Lucky, 111, Hedley Woodhouse, 8-1; and Piecesofeight, 108, Walter Blum, 15-1.

There was a chance the track might be slightly muddy from rains that fell Friday, but weathermen said handicap day should be bright and clear.

ROYAL STEAL

Cora Strahan of the Pine-Sol Queens Jackson, Miss., swipes the ball from St. Joseph Platy College player, Louis Brantner, during women's National A. A. U. tournament consolation championship game at St. Joseph, Mo., Thursday night. Other Queen players are Jeanette Applewhite left, and Betty Ann Young, right background. St. Joseph player, center, is Nancy Dawson. (AP Wire-photo)

### IN N.I.T. FINALS

## Bradley Picked To Whip Memphis State's Quintet

By NORMAN MILLER  
NEW YORK, March 22 (UP)—Tall and talented Bradley was a six-point favorite Friday to defeat Memphis State's upset-bent scramblers Saturday afternoon in the nationally-televvised final of the National Invitation Basketball Tournament.

The game will be carried on a coast-to-coast Columbia Broadcasting System television network, starting at 1 p.m. CST.

Memphis State, which showed a world of speed, hustle and gameness in springing three straight upsets to reach the NIT final, will be the sentimental favorite of the Madison Square Garden galleries.

But Bradley has been terrific in crushing Xavier of Ohio and Temple in its two tournament games. The Braves from Peoria, Ill., have shown tremendous rebounding strength, shooting accuracy that has averaged 105 points per game, speed to match Memphis State's, and a rich depth of man power.

There is an ironic twist to the climactic tournament game. Bob Vanatta, personable Memphis State coach, was at Bradley for the two previous seasons and helped develop the star players who are expected to beat his Tennessee Tigers Saturday.

"I was sort of rooting for those Bradley kids to make the tournament final, for their sakes," Vanatta smiled. "But now that they're there, I'm not so sure I like it."

"I think Bradley is as good a rebounding team as there is in the country," Vanatta continued. "And they're much deeper on the bench than we are. But if we can run against them, we'll run and run."

"You can't measure the terrific amount of desire my kids have," he said. "You can't discount that desire."

Memphis State will be cheered by a huge delegation of students that has made the 1,100-mile trip to New York by bus for the tournament. Five busloads with 226 students arrived Thursday night just before the halftime of Memphis State's exciting 80-78 overtime victory over St. Bonaventure. Four more busloads and many other fans driving their own

The schedule of Solunar periods, printed below, has been taken from John Alden Knight's Solunar Tables. Plan your days so that you will be fishing in good territory or hunting in good cover during these times if you wish to find the best sport that each day has to offer.

A.M.	Minor	Major	Minor	P.M.
11:40	5:30			6:00
TODAY				
12:05	6:20	12:30		6:50
TOMORROW				

The major periods begin at the times shown and last for an hour and a half or two hours thereafter.

## Morey Leads Way Into Semi-Finals

NEW ORLEANS, March 22 (UP)—on of New Orleans, tourney med-Defending champion Dale Morey, of Indianapolis, Ind., today advanced to the quarterfinals of the 20th annual New Orleans Country Club invitational golf tournament.

The 36-year-old former member of the U. S. Walker Cup team ousted Scotty Fraser of Panama City, Fla., captain of the Louisiana State University golf team, 5 and 4.

Morey's opponent tomorrow will be Wheeler Farish of Gulfport, Miss., who turned back Bill Webb, Kansas City, Mo., 3 and 2 in the major upset of second round play. Webb won the Hard Scrabble tournament.

Eddie Merrins of Alexandria, La., winner of the NOCC title in 1955, beat Luca Barbato of Lafayette, La., 4 and 3. He will meet Don Essig of Indianapolis, who conquered J. A. Bisso II of New Orleans 4 and 3.

Others who advanced to the quarterfinals included David Dixon of New Orleans, tourney med-

alist: Curtis Person of Memphis, of Indianapolis, Ind., today advanced to the quarterfinals of the Fla., and John O'Connell of New Orleans.

Second round results:  
Dale Morey, Indianapolis, Ind., beat Scotty Fraser, Panama City, Fla., 5 and 4.  
Wheeler Farish, Gulfport, Miss., beat Bill Webb, Kansas City, 3 and 2.  
Eddie Merrins, Alexandria, La., beat Luca Barbato, Lafayette, La., 4 and 3.  
Don Essig, Indianapolis, Ind., beat J. A. Bisso II, New Orleans, 4 and 3.  
David Dixon, New Orleans, beat Dick Lyle Meridian, Miss., 2 and 1.  
Curtis Person, Memphis, Tenn., beat Jim Guthrie, New Orleans, 3 and 2.  
Tom Holland, Miami, Fla., beat W. L. Ferguson, New Orleans, 3 and 2.  
John O'Connell, New Orleans, beat Andy Pilney, New Orleans, 3 and 2.

Quarterfinal pairings:  
Morey vs. Farish; Merrins vs. Essig; Dixon vs. Person; Holland vs. O'Connell.

## Greenies Edge Maroons, 4-3, In 12 Innings

NEW ORLEANS, March 22 (UP)—Pitcher Emil Marks bases-loaded single in the 11th inning gave Tulane a 4-3 Southeastern Conference baseball victory over Mississippi State today.

Marks relieved starter Doug Reagan with two out in the seventh and shut out Mississippi State on four hits the rest of the way.

The losing pitcher was Joe Wilson, who took over in the 12th for Mississippi State after Monroe Mitchell had pitched the first 11 innings.

Don Charles, the first batter to face Wilson, reached first on an error. A sacrifice and an intentional walk followed. Bob Weinstein singled to load the bases. Marks then connected with his game-winning hit over the left fielder's head.

The two schools end the series with a doubleheader tomorrow. Miss. State 200 000 100 000—3 10 3 Tulane 300 000 000 001—4 6 0

# Bragan Says Bucs To Continue Climb

By JACK HAND  
FORT MYERS, Fla., March 22 (AP)—The Pittsburgh Pirates who shocked the National League by taking the lead last June only to fall back to a seventh place finish think they are good enough to make fifth place this season.

"We should finish fifth and, if we're good enough to beat St. Louis, we could be fourth," said Manager Bobby Bragan. "I think we'll beat Philadelphia, New York and Chicago."

"We're a much better club than we were a year ago with our outfield by far our strongest point. We have three men out there who can run, throw and field with any in the league and also hit for average. They may not have so much power as some outfielders but they'll do the job."

Bragan, the peppery pilot who moved the Pirates out of last place in his rookie year, has four definite reasons why he considers his 1957 club improved over last year's team.

"First of all, we have Bill Mazeroski from the very start, with a year's experience under his belt."

"Second, we have Bill Virdon from the very start. He hit like a champion for us after we got him from St. Louis in mid-May."

"Third, Frank Thomas is settled down at third base after his switch from the outfield. Pie Traynor has taught him some tricks about the position and he is happy about the job."

"Fourth, we're going to have a better bench. Last year the only long ball threat I had as a left-handed pinch hitter was Bob Skinner. This year I'll have John Powers, Paul Smith, Danny Kravitz and Skinner Leftywise, and Gene Freese and Ramon Mejias as right-handers."

"We're pretty much a set ball club but everybody has two or three challengers for his regular job."

The Pirate infield is set with Dale Long as first, Mazeroski (.243), the 20-year-old Hollywood grad, at second, Dick Groat (.273) at short and Thomas (.282) at third. If Long needs relief he can get it from Paul Smith, just back from service who probably will be the No. 4 outfielder. Thomas also can play first. Dick Cole (.212) and Johnny O'Brien (.173) the pitcher-infielder, will be in reserve.

Lee Walls (.274) in left, Virdon (.319) in center, and Roberto Clemente (.311) in right are Bragan's regular outfielders. Freese (.208), a former infielder, has been playing the outfield good enough to impress Bragan. Powers (.312 at New Orleans) and Mejias (.274 at Hollywood) may stick with Skinner.

The long shot outfielder who may surprise everybody if he can polish his fielding is Dick Stuart (.298 at Lincoln), the brash young man who hit 66 home runs and drove in 158 runs last year. The 24-year-old right-hander hit five homers in early exhibition games.

Bragan had fair catching last year but not enough hitting in that department. Kravitz (.265 at Hollywood) is back for another try and may wind up No. 1 if he can do the job behind the bat. "He can do it at bat but he has to smooth out behind the plate," Bragan said. Hank Folles (.212) and Dick I and (.278 at Rochester) may wind up with the other jobs.

Bob Friend (.17-17, the workhorse of the staff with 49 games, 42 starts and 314 innings, was one of the best pitchers in the league last season and could be again.

Ronnie Kline (.14-18) finished strong to earn equal billing with friend in some circles. He should be even better. Vern Law (.8-16) is the other dependable lefthander.

Lack of a third staff hurler last year. He hopes Luis Arroyo (.3-3) may fill the bill and also is taking a good look at Paul Minner (.2-5) at Chicago, who has recovered from the neck injury he suffered with the Cubs.

Among the others, Bragan has seen promise in Laurin Pepper (.1-1), bonus baby Art Swanson (.0-0), Fred Waters (.2-3), Cholly Naranjo (.8-6 at Hollywood), George Witt (.8-8 at New Orleans) and Bennie Daniels (.15-3 at Lincoln).

The relief men probably will be Elroy Face (.12-13 in 68 games) and Clarence Churn (.9-7 in games at New Orleans).

# Maserati's 2 Best Drivers In Own Cars

SEBRING, Fla., March 22 (UP)—The favored Maserati team will put its two top drivers in separate cars for Saturday's 12-hour Sebring Grand Prix, it was learned Friday, as sleek sports cars from 15 countries ran through final tuneup spins.

Stirling Moss, the muscular young Britisher known in racing circles as 'a driver's driver,' said he will drive a three-litre Maserati with Harry Schell of Paris and that world champion Juan Manuel Fangio of Argentina will drive the big new 4.5-litre Maserati with Jean Behra of France as his co-driver.

News of the last-minute strategy move, which Maserati team officials planned to announce just before race time, jolted drivers from the other top teams as they got set for the big race, which gets underway at 9 a.m. CST Saturday.

"They're smart," said the black-haired Marquis de Portogro of Spain, top driver for the Ferrari team. "They're not putting all their eggs in one basket."

Moss, who doesn't drink or smoke and often does road work to keep in top physical shape, was the odds-on favorite to be in front after the first lap around the 5.2-mile Sebring Airfield Track. He is famous as a dead-serious professional driver who nearly always sets away first in the Le Mans-type start which some 65 sports cars will use Saturday.

# Creed, Burns Out Of North, South Action

PINEHURST, N. C., March 22 (AP)—Medalist Marge Burns and highly regarded Clifford Ann Creed were sent to the sidelines today in the second round of the North and South Women's Amateur Golf Tournament.

Anne Quast and Anne Richardson survived the upset scare on a chilly, rain-soaked course by coming from behind on the back nine to gain tomorrow's quarterfinals.

Mrs. Casey Johnstone, four-time winner of the Iowa state title, shot a par 37 on the front nine of the Pinehurst Country Club's No. 2 course and the Marion City star went on from there to oust Miss Burns of Greensboro, N.C., 3 and 2. That sent her into meeting tomorrow with Miss Quast, 3 and 2 winner over Judy Bell of Wichita, Kan.

Miss Creed, the mighty mite from Opelousas, La., lost a 2 and 1 bogey to stocky Cynthia Sullivan of Harrisburg, Pa., a six-handicap player who is a student at Coker College at Hartsville, S.C.

Miss Richardson had to win the last two holes to go ahead for the first time in a grim 2 and 1 duel with Betty Kerby of Akron, Ohio.

Miss Richardson's foe tomorrow will be Mrs. Paul Dye Jr., of Indianapolis who eliminated Dale Fleming of Tulsa, Okla., 4 and 2.

Miss Sullivan now finds herself matched with Barbara McIntire of Toledo, Ohio, 4 and 3 winner over Mrs. R. M. Torgeson of Forest Hills, N.Y.

Mary Ann Downey, a Baltimore threat who looks like the best bet to represent the lower bracket in Monday's finals, had the day's easiest match, a 7 and 6 romp over Mrs. Lou Miller of Hot Springs, Ark., Mary Ann was 7 up at the turn as she was 6 over par and never lost a hole.

Tomorrow she plays improving Mrs. N. S. Woolworth of New Haven, Conn., 2 and 1 victor over Greta Leone of Chicago.

# Delta Divides Double Header With Choctaws

CLINTON, Miss., March 22 (AP)—Mississippi College and Delta State College split a season-opening doubleheader today—Mississippi College winning the opener 8-1 and Delta State the nightcap 7-3.

A two-run double by Travis Amis and a two-run homer by Gil Winbourne were the big blows that gave Mississippi College the opening game. Elton Greer and Charles Bryan alternated on the mound to allow only three hits. Carl Foster absorbed the loss.

Lacy Chapman and George Hammer slammed a pair of three-run homers in leading Delta State in the nightcap victory. Len Lauderdale, who relieved Murray Bardin in the sixth, was the winner. Willis Steenhuis was charged with the loss.

(First)  
Delta State 000 010 0-1 3 2  
Miss. College 103 202 x-8 9 4  
Greer, Bryan (5) and Van Landingham; Foster, Graham (5) and J. Hamner.  
(Second)  
Delta State 000 300 4-7 10 2  
Miss. College 092 001 0-3 7 1  
Barfield, Steenhuis (5), Watson and Van Landingham; Bardin, Lauderdale (6), Goodwin and J. Hamner.

The western division semi-final gets up tomorrow in St. Louis with the Minneapolis Lakers meeting the Hawks. St. Louis holds a 2-game edge in the best-of-five series by virtue of Thursday's 118-9 triumph. Bob Pettit, playing with a cast on his fractured right hand, was the Hawks' big

# Baseball Admitted 'Business'

## Claim 'Unique Industry' For Diamond Sport

By LEO H. PETERSEN  
BELLELAIRE, Fla., March 22 (UP)—Baseball defended itself against monopoly charges Friday by insisting it "is not the kind of business which should be subject to the anti-trust laws."

Commissioner Ford Frick, emerging from a long session with high major and minor league officials, freely admitted "baseball is a business," but cited two Supreme Court rulings and a congressional investigating committee report to back his stand it is a unique kind of business.

"It (baseball) believes a statute subjecting professional baseball to anti-trust laws will injure baseball without any corresponding benefit to the public," Frick said.

The emergency meeting of the commissioner, presidents of the two major leagues, representatives of all 16 major league clubs and national association (minor league) President George Trautman was called to clarify baseball's position on bills pending in Congress to regulate professional sports.

As a result of a Supreme Court ruling last month bringing pro football under the anti-trust laws, Rep. Emanuel Celler (D-N. Y.) and Rep. Patrick J. Hillings (R-Calif.) introduced bills to bring baseball within the anti-trust act as well.

But Friday, Frick cited a 1952 report by Celler, then chairman of an anti-monopoly committee investigating baseball, that the game is a "unique industry."

Frick quoted directly from the 1952 report which said in part: "of necessity the clubs in each league must act as partners as well as competitors. The history of baseball has demonstrated that cooperation in many of the details of the operation of the baseball business is essential to the maintenance of honest and vigorous competition on the playing field. For this reason, organized baseball has adopted a set of rules and regulations that would be entirely inappropriate in ordinary industry."

That, Frick indicated, would be the basis of baseball's stand, if any is called for, on the pending legislation.

"We're not alarmed by this thing," Frick said later, "but when we're attacked, we fight back."

In a prepared statement after the meeting, Frick said baseball never pretended it was not a business and said, "it is both a business and a sport." He also said the Supreme Court in both baseball cases before it specifically held that baseball is a business and did not use the word "sport."

The commissioner indicated he is ready to attend hearings in Washington but denied a report that a special committee of three major league club owners would meet with political leaders to discuss baseball's position.

ROYAL STEAL

## IN N.I.T. FINALS

# Bradley Picked To Whip Memphis State's Quintet

By NORMAN MILLER  
NEW YORK, March 22 (UP)—Tall and talented Bradley was a six-point favorite Friday to defeat Memphis State's upset-bent scramblers Saturday afternoon in the nationally televised final of the National Invitation Basketball Tournament.

The game will be carried on a coast-to-coast Columbia Broadcasting System television network, starting at 1 p.m. CST.

Memphis State, which showed a world of speed, hustle and game in springing three straight upsets to reach the NIT final, will be the sentimental favorite of the Madison Square Garden galleries.

But Bradley has been terrific in crushing Xavier of Ohio and Temple in its two tournament games. The Braves from Peoria, Ill., have shown tremendous rebounding strength, shooting accuracy that has averaged 105 points per game, speed to match Memphis State's, and a rich depth of man power.

There is an ironic twist to the climactic tournament game. Bob Vanatta, personable Memphis State coach, was at Bradley for the two previous seasons and helped develop the star players who are expected to beat his Tennessee Tigers Saturday.

"I was sort of rooting for those Bradley kids to make the tournament final, for their sakes," Vanatta smiled. "But now that they're there, I'm not so sure I like it."

"I think Bradley is as good a rebounding team as there is in the country," Vanatta continued. "And they're much deeper on the bench than we are. But if we can run against them, we'll run and run."

"You can't measure the terrific amount of desire my kids have," he said. "You can't discount that desire."

Memphis State will be cheered by a huge delegation of students that has made the 1,100-mile trip to New York by bus for the tournament. Five busloads with 226 students arrived Thursday night just before the halftime of Memphis State's exciting 80-78 overtime victory over St. Bonaventure. Four more busloads and many other fans driving their own

cars are expected for the final. Braves already have beaten. He Coach Chuck Osborn of Bradley rated Memphis State's Win Wilkerson Memphis State "faster and fong "one of the best boys in the toughest" than the two teams his tournament."

# Morey Leads Way Into Semi-Finals

NEW ORLEANS, March 22 (AP)—on of New Orleans, tourney med-Defending champion Dale Morey, of Indianapolis, Ind., today advanced to the quarterfinals of the 20th annual New Orleans Country Club invitational golf tournament.

The 36-year-old former member of the U. S. Walker Cup team ousted Scotty Fraser of Panama City, Fla., captain of the Louisiana State University golf team, 5 and 4.

Morey's opponent tomorrow will be Wheeler Farish of Gulfport, Miss., who turned back Bill Webb, Kansas City, Mo., 3 and 2 in the major upset of second round play. Webb won the Hard Scrabble tournament.

Eddie Merrins of Alexandria, La., winner of the NOCC title in 1955, beat Luca Barbatto of Lafayette, La., 4 and 3. He will meet Don Essig of Indianapolis, who conquered J. A. Bisso II of New Orleans 4 and 3.

Others who advanced to the quarterfinals included David Dixon of New Orleans, tourney med-Defending champion Dale Morey, of Indianapolis, Ind., today advanced to the quarterfinals of the 20th annual New Orleans Country Club invitational golf tournament.

Second round results:  
Dale Morey, Indianapolis, Ind., beat Scotty Fraser, Panama City, Fla., 5 and 4.  
Wheeler Farish, Gulfport, Miss., beat Bill Webb, Kansas City, 3 and 2.  
Eddie Merrins, Alexandria, La., beat Luca Barbatto, Lafayette, La., 4 and 3.  
Don Essig, Indianapolis, Ind., beat J. A. Bisso II, New Orleans, 4 and 3.  
David Dixon, New Orleans, beat Dick Lyle, Meridian, Miss., 2 and 1.  
Curtis Person, Memphis, Tenn., beat Jim Guthrie, New Orleans, 3 and 2.  
Tom Holland, Miami, Fla., beat W. L. Ferguson, New Orleans, 3 and 2.  
John O'Connell, New Orleans, beat Andy Pilney, New Orleans, 3 and 2.

Quarterfinal pairings:  
Morey vs. Farish; Merrins vs. Essig; Dixon vs. Person; Holland vs. O'Connell.

# Greenies Edge Maroons, 4-3, In 12 Innings

NEW ORLEANS, March 22 (AP)—Pitcher Emile Marks' bases-loaded single in the 11th inning gave Tulane a 4-3 Southeastern Conference baseball victory over Mississippi State today.

Marks relieved starter Doug Regan with two out in the seventh and shut out Mississippi State on four hits the rest of the way.

The losing pitcher was Joe Wilson, who took over in the 12th for Mississippi State after Monroe Mitchell had pitched the first 11 innings.

Don Charles, the first batter to face Wilson, reached first on an error. A sacrifice and an intentional walk followed. Bob Weinstein singled to load the bases. Marks then connected with his game-winning hit over the left fielder's head.

The two schools end the series with a doubleheader tomorrow. Miss. State 200 000 100 000-3 10 3  
Tulane 300 000 000 001-4 6 0

## Fine Arts Club Features Program On Serious Music In Louisiana

Mrs. Marion Kirk Fisher was hostess to Fine Arts Club Monday evening. President, Wilbur Bullock, conducted the business session and introduced Mr. John Cale, program chairman who presented the following program: "Fantasy for Clarinet and Piano" by Eloy Forminaya, performed by Jeanette Cash, Clarinet, with Mrs. Eloise Stanhope at the piano; the hymn, "Holy Ghost With Joy Devine," by Louis Moreau Gottschalk, sung by the group with Leon Hammonds at the piano; and two piano compositions: "Scherzo and Trio," by Duchesne Cazecus, and an original "Dance" performed by John Cale.

Other members present who enjoyed the social hour were: Mr. and Mrs. Wilbur W. Bullock, Jr., Mr. John Cale, Mrs. Geraldine Carroll, Mrs. Edward F. Dalton, Mrs. Dolly Douglas, Mr. and Mrs. Eloy Forminaya, Miss May Road, Miss Gertrude Sandrock, Miss Eloise Stanhope, Mr. Leon Hammonds, Mr. Ray Magruder, Mrs. Winfred B. ## YOUR PROBLEMS

### How About More Confidence And Little Less Suspicion

Dear Ann: That letter signed "Slave Wife" reminded me that I, too, was a slave wife until I decided to "wake up and smell the coffee" as you say.

I was caged up for eight years. My husband watched me like a hawk. He was jealous of the paper boy or any male who looked at me. My job was to stay home and clean and cook. Every Friday I had orders to fix a lunch for a gang of cigar-smoking pinocchio players. I wasn't permitted to serve the lunch because no man was supposed to look at me.

Then one day I was invited to a class reunion dinner. My husband was raving mad and said I couldn't go. I got my nerve up and said I was going, and that was that. I asked my wonderful sister to stay with the children in case he decided at the last minute to go out himself so I'd have to stay in.

My husband knew where the reunion was being held. He phoned 11 times to ask when I was coming home. I was furious. After the dinner I took a bus to a neighboring city and checked in at the YWCA. I phoned my sister and asked her to stay with the kids as long as necessary and she agreed.

Then I called my husband, told

him where I was and invited him to come get me when he decided to treat me like a partner instead of a slave — and not until.

That very night he was phoning from a nearby gas station pleading for me to come home. He promised to let me join clubs, work in the P-TA and live like a human being. He said he didn't realize what he'd been doing to me all these years.

My life is very different now. I even have a milkman. If some of these Slave Wives would pick themselves off the floor and not be such doormats they might get a little equality and respect. Sometimes all you have to do, girls, is ask for it. — The Awakened One

Dear Ann: I've been married only six months and now I'm wondering if I made a mistake.

My husband goes to school during the day and drives a cab at night. He wants to amount to something so I don't complain that we have very little time together. The problem is this:

Last night I went to my mother's for dinner. He was to pick me up at 10:00 to drive me home. When it got to be 10:30 I became uneasy although I know sometimes he gets a long haul and can't help it. At 11:05 he showed up. My sister and cousins were already teasing me good-naturedly about Dick having another girl.

My cousins live near us so Dick offered to drive them home, too. When we got into the cab I found a pair of women's silk stockings in the back seat. Dick said he didn't know how they got there. Is this possible? I doubt it. — Tormented

If you'd talk to a few cab drivers you wouldn't be so "tormented." Your attitude and willingness to jump to the worst conclusions possible shows very little faith in that hard-working husband. (It also indicates scant

## HAVE YOU HEARD

MR. AND MRS. GORDON RONALDSON, of Baton Rouge were guests the first of the week of their daughter, Mrs. A. L. Smith and Mr. Smith in their new home on Frances Place. It is their first visit since the arrival of their grandson, Gordon Ronaldson Smith earlier this month.

ARRIVING TODAY for a visit with their parents, Mr. and Mrs. Victor Davis on South Grand St. and Mr. and Mrs. Paul Cook of West Monroe are Mr. and Mrs. Victor B. Davis, of Corpus Christi, Texas. When they return next week they will be accompanied by their young son, Victor, who has been visiting his grandparents this past week.

MRS. KENNEDY ABINGTON is spending this week in Natchez with her mother, Mrs. Mary Lou Foster, and is serving as hostess in some of the homes opened for the Pilgrimage.

MR. AND MRS. DEWEY ALLBRITTON announce the arrival of their first child, a son, Dewey Wayne. His grandparents are Mr. and Mrs. J. G. Eberts and Mr. and Mrs. W. D. Allbritton, of West Monroe.

MR. AND MRS. ALDEN SHOTWELL left Wednesday for South Louisiana and Baton Rouge. While in Baton Rouge they will visit their daughter, Mrs. Robert Holloway and Mr. Holloway.

## Mrs. Ed Shaver Will Head The Lady Golfers Of Bayou DeSiard

The regular annual meeting of Mrs. David Aron; Handicap Ch. the Bayou DeSiard Ladies Golf—Mrs. C. B. McMahan; C-chr.— Association was held Wednesday, Mrs. George Miller; Special morning at the Bayou DeSiard Country Club. Regular business, At the close of the meeting, Mrs. G. Proffit the outgoing president committee chairman and outgoing officers and the adoption of a new constitution and by-laws.

The nominating committee presented the following slate which was unanimously elected: Pres.—Mrs. Ed Shaver; Vice-Pres.—Mrs. Stanley Mintz; Treasurer—Mrs. Miles Sager; Secretary—Mrs. Henry Menuet; Publicity—Mrs. Frank Davis for low puts.

## YOUR BABY AND MINE

### Baby Sitter Must Be Responsible Person

By MYRTLE MEYER ELDRED

What is important about any baby sitter is that she be a responsible person. Age is not too vital a factor as a girl of 16, if possessed of good judgment and good sense, can be as adequate as a woman four times her age.

All baby sitters should be known personally to the parent or referred to her by someone who does, or vouched for by an agency which has investigated them. To leave your child in anyone's care means that you expect her to devote her time and attention to the child every single minute.

That is the task for which she is hired and paid and this means no household duties to divert her attention; no companions to divert her interest.

Letter

Mrs. A. N. differs in her ideas from her sister-in-law and she is leaving it up to me to settle their differences. She writes, "I have a boy of past three years and a girl of two. I am a firm believer in a mother rearing her own children, rather than leaving them to maids or sitters."

"I so strongly disagree in this with my sister-in-law that I want your help. The only persons who have cared for my children have been my mother-in-law, two aunts and a cousin and a neighbor whom I paid. For a short time I followed my sister-in-law's practice of getting whoever would come in to stay with them. Then I realized I was not practicing my own theories."

"My sister-in-law has had at least 20 persons, including relatives, to sit with her children. Her boy is five and her girl is three. Which of us is correct?"

No Harm

If the 20 persons all have been reliable persons and the children have enjoyed them, then not one bit of harm was done to the children. In fact they have profited by knowing this many persons all of whom were nice to, and considerate of them.

It does not pay to be too rigid in your attitudes. You are not asking these persons to "rear" your children, but merely to protect them for limited periods while you do necessary errands, or enjoy recreation. You are still rearing your children by your hour by hour contact with them.

Sitters are part of our modern life. We no longer have the large homes which could house not only the immediate family but extra grandparents, aunts or cousins who helped with the work and the children.

Now we are limited by space to one family and must look to out-

MRS. C. VERNON CLEUTIER

## Two Hostesses Entertain The Fleur De Lis Of The Twin Cities

Mrs. C. B. Edwards and Mrs. J. W. Nettles were hostesses to the Fleur de Lis Garden Club, Thursday. The meeting was held in the home of Mrs. Nettles, in Monroe.

In the absence of Mrs. Haab, President, Mrs. Nettles opened the meeting and gave the Horticulture hint. Discussion on triangular arrangements brought by each member, followed.

Mrs. John Lewis made a small arrangement of Lilac and white violets placed in a crystal container.

A triangular pattern was the next illustration using common dock for line, filling in with Iris foliage and Gladioli, in shades of red as a focal point.

The third arrangement was a vertical design made of Dock, clipped Pine, Aspidistra leaves and the focal point of red Gladioli.

The third arrangement was a vertical design made of Dock, clipped Pine, Aspidistra leaves and the focal point of red Gladioli.

The meeting adjourned and re-

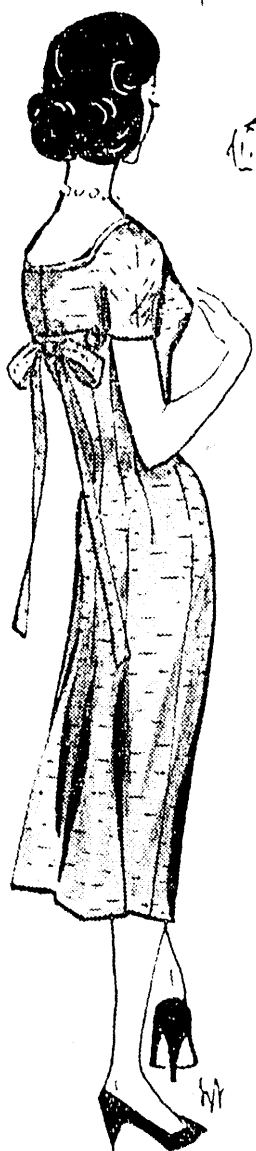

## State Flower Show Announced By Chairman

Mrs. C. Vernon Cloutier, Natchitoches, general chairman of the North State Flower Show and convention for Louisiana Garden Club Federation announces the State Flower Show "Lovely Louisiana in the News" Yesterday, To-day—Tomorrow" to be staged at Louisiana College, Pineville, March 27 and 28. The show is open to the public with no admission fee. Mrs. Ryan Covillion, of Marksville, chairman of flower show, her co-chairman, Mrs. Edgar McNut of Cheneyville, have assigned each garden club in the state an artistic arrangement. Mrs. J. Smith of Pineville, staging chairman has made niches in a light gray for the artistic arrangements to be staged. The light gray color of the niches will lend itself well to any flower arrangement creating a beautiful background. Every garden club member is urged to bring horticulture in order to make a beautiful show.

The convention will be held at the Bentley Hotel, Mrs. A. T. Lains, co-chairman both of Alexandria and making wonderful plans for the convention. The banquet will be held at the Bentley Hotel March 27. This banquet will be open to all garden club members. Mrs. N. P. Martone, state president has planned a special program for the club presidents at club president's breakfast at Holiday Inn, 7 a.m. March 27. Mrs. Cloutier, general chairman is well qualified for her position, she received an A.M. in Art and Architecture, Sorbonne University, Paris, France, and is a member of Delgado Art Association of New Orleans. She is a nationally accredited flower show judge as well as specialized judge and has judged in the International Flower Shows in New York and Houston, Tex. Mrs. Cloutier served as circulation chairman of Louisiana Garden Club Federation and is now serving as its district director, and is Mrs. Wayne Warren and Mrs. C. B. Edwards.

## Fine Arts Club Features Program On Serious Music In Louisiana

Mrs. Marion Kirk Fisher was hostess to Fine Arts Club Monday evening. President, Wilbur Bullock, conducted the business session and introduced Mr. John Cale, program chairman who presented the following program: "Fantasy for Clarinet and Piano" by Eloy Forminaya, performed by Jeanette Cash, Clarinet, with Mrs. Eloise Stanhope at the piano; the hymn, "Holy Ghost With Joy Devine," by Louis Moreau Gottschalk, sung by the group with Leon Hammonds at the piano; and two piano compositions: "Scherzo and Trio," by Duchein Cazedessus, and an original "Dance" performed by John Cale.

Other members present who enjoyed the social hour were: Mr. and Mrs. Wilbur W. Bullock, Jr., Mr. John Cale, Mrs. Geraldine Carroll, Mrs. Edward F. Dalton, Mrs. Dolly Douglas, Mr. and Mrs. Eloy Forminaya, Miss May Read, Miss Gertrude Sandrock, Miss Eloise Stanhope, Mr. Leon Hammonds, Mr. Ray Magruder, Mrs. Winfred B. Mask III, Mrs. Henry Mayo, Mr. and Mrs. Paul Newman, Mrs. W. J. Veazey, Miss Edna Doyle, Miss Jeanette Cash, and Mr. and Mrs. E. Everette Lawson.

## YOUR PROBLEMS

### How About More Confidence And Little Less Suspicion

By AN N LANDERS

Dear Ann: That letter signed "Slave Wife" reminded me that I, too, was a slave wife until I decided to "wake up and smell the coffee" as you say.

I was caged up for eight years. My husband watched me like a hawk. He was jealous of the paper boy or any male who looked at me. My job was to stay home and clean and cook. Every Friday I had orders to fix a lunch for a gang of cigar-smoking pinocchio players. I wasn't permitted to serve the lunch because no man was supposed to look at me.

Then one day I was invited to a class reunion dinner. My husband was raving mad and said I couldn't go. I got my nerve up and said I was going, and that was that. I asked my wonderful sister to stay with the children in case he decided at the last minute to go out himself so I'd have to stay in.

My husband knew where the reunion was being held. He phoned 11 times to ask when I was coming home. I was furious. After the dinner I took a bus to a neighboring city and checked in at the YWCA. I phoned my sister and asked her to stay with the kids as long as necessary and she agreed.

Then I called my husband, told

him where I was and invited him to come get me when he decided to treat me like a partner instead of a slave — and not until.

That very night he was phoning from a nearby gas station pleading for me to come home. He promised to let me join clubs, work in the P-TA and live like a human being. He said he didn't realize what he'd been doing to me all these years.

My life is very different now. I even have a milkman. If some of these Slave Wives would pick themselves off the floor and not be such doormats they might get a little equality and respect. Sometimes all you have to do, girls, is ask for it. — The Awakened One

Dear Ann: I've been married only six months and now I'm wondering if I made a mistake.

My husband goes to school during the day and drives a cab at night. He wants to amount to something so I don't complain that we have very little time together. The problem is this:

Last night I went to my mother's for dinner. He was to pick me up at 10:00 to drive me home. When it got to be 10:30 I became uneasy although I know sometimes he gets a long haul and can't help it. At 11:05 he showed up. My sister and cousins were already teasing me good-naturedly about Dick having another girl.

My cousins live near us so Dick offered to drive them home, too. When we got into the cab I found a pair of women's silk stockings in the back seat. Dick said he didn't know how they got there. Is this possible? I doubt it. — Tormented

## Miscellaneous Shower Honors Mrs. B. Eppinette, Of Start

Mrs. Benjamin Eppinette, of Start, who arrived in the United States last week, received a warm welcome and learned of southern hospitality when she was honored with a miscellaneous shower on Tuesday, at the home of Mrs. Otis Fuller of Start. Co-hostesses were Mrs. Alton Robinson of Monroe and Mrs. Henry Colvin of Start.

A lovely display of linens and household gifts amazed the delighted young German lass as she realized the anticipated friendships for her and the respect for her young husband as signified by the tokens.

Included in the array were gifts from Mesdames Felix Moore, Alton Robinson, Bert Brasher, Alton Eppinette, Gilbert Auld, John W. Davis, Mitchell Funderburk, Estelle Duffey, Vig Eppinette, Spencer Colvin, Howard Conley, Henry Colvin, Jeanine Duffey, S. W. Lowrey, Sam Nolan, J. L. Marble, D. B. Nolan, John Austin Hill, J. A. Hill, L. W. Eppinette, John Curry, Ethel Chambers, Houston Bruce, C. H. Allen, Mary Moore, Della Frisler, Ben Eppinette, Otis Fuller, L. N. Willoughby, Fannie Eppinette, Euel Colvin, Merwyn Eager, Percy Robinson, John Conville, V. C. Clement, Jesse Watts, Davis Nolan, Eloise Bailey, Maude Eppinette, Francis Malone, Herd Hardwick, John Pohl, Bill Hogan, P. W. Copeland, R. Hale, Billy Roy Clement, Garrett Sullivan, Rilla De Poor, Tommy Moore, J. B. Bennett, Frank Swenson, R. E. Hardwick, Josephine Hines, and Mr. Toke Moore and Miss Sybil Duffey.

## Key Club To Sponsor Dance

The West Monroe High School Key Club will launch its initial Sweetheart Dance March 29, with festivities to be staged at the West Monroe Fairgrounds.

Music for the occasion will be furnished by "Sugar Boy," whose band has drawn quite a following in the Monroe area.

The dance will be open to the public, and will begin at 9 and last until 1 a.m.

Coronation of the Key Club's sweetheart, which will be kept secret until that date, will be the highlight of the evening.

Dan McClure, faculty sponsor of the organization is scheduled to crown the queen.

Mae Bayles, is president of the Key Club, which is under the auspices of the West Monroe Kiwanis Club.

## Your Child Will Like This Specialized Aspirin

Approved by more doctors than any other brand, it's America's Mother and child favorite. Orange flavor.

## Week's Sew-Thriftly

4610

Size 10-18

by Anne Adams

Here's printed pattern that's everything you could want! Cool sundress, flattering jumper, coverall, apron, neat summer coat or very beachcoat! Snap to sew — no waist seams, roomy pockets, button front for smart comfort!

Printed Pattern 4610, Misses. Size 10, 12, 14, 16, 18. Size 16 requires 3½ yards 35-inch fabric.

Printed directions on each pattern part. Easier, faster, accurate.

Send thirty-five cents in coins for this pattern — add 5 cents for each pattern for 1st-class mailing.

Send to Anne Adams, care of Morning World, 316 Pattern Dept., 243 West 17th St., New York 11, New York 11, N. Y. Print plainly: name, address with zone, size and style number.

Pork shoulder steaks come three ways: with blade bone, round bone and boneless. The steaks usually are less expensive than pork chops.

## Bono Nostrorum Meets With Mrs. Tillman

Mrs. C. E. Tillman was hostess to the Bono Nostrorum Club on March 19. Mrs. Clell Windham and Mrs. Annie K. Baker assisted the hostess.

The Fine Arts chairman, Miss Virgie Evans, was program leader.

Mr. H. L. Murray reviewed the highlights in the life of Clara Booth Luce, writer and ambassador, as recorded in Ambassador Extraordinary, by Alden Hatch. Among her writings are "Wings Over China," an article for Life Magazine, and the plays In Bed We Cry, The Women, Kiss the Boys Good-by, and Margin for Error.

Mrs. Luce's claim to distinction in the realm of statesmanship includes her being the first woman to enter Congress from the state of Connecticut. In 1944 she was chosen to deliver the keynote address at the Republican Convention. In 1952 she was called from retirement by Eisenhower to serve as Ambassador to Rome. Although she hesitantly accepted, she served with distinction until ill health forced her to ask for release in 1956.

During the business session, the club welcomed Mrs. Paul Brooks into membership. Plans were completed for Fifth District Convention to be held in Mangham on March 23. The hostesses served a delicious salad plate to the following:

Mrs. Annie Baker, Mrs. Paul Brooks, Miss Virgie Evans, Mrs. B. N. Hixon, Mrs. W. E. Hixon, Mrs. C. W. Jones, Mrs. M. K. McConnell, Mrs. T. G. McKay, Mr. H. L. Murray, Miss Kate Talbert, Mrs. H. G. Tillman, and Mrs. C. N. Underwood.

## Sidney Seegars PTA Speaker

The March meeting of the Georgia Tucker P.T.A. was called to order at 7:30 Thursday night by Mrs. Leon Noland, Jr., Pres. Mrs. M. L. Snapp read the P.T.A. prayer. The guest speaker for the evening was Mr. Sidney Seegars who is Guidance Counselor at Neville High School. Mr. Seegars gave an interesting and informative talk on "How Well do We Know Our Children?" Mrs. Snapp announced that a special Reading Workshop will be held at the United Gas Building April 25 from 9:30 to 11:30 in the morning under the supervision of Miss Frances Flanders.

Election of officers was held to fill offices for this coming year as follows: President, Mrs. M. L. Snapp; First Vice-President, Mrs. John C. Jacobs; Second Vice-President, Mrs. J. Cecil Massey; Third Vice-President, Mrs. George Guerrero; Secretary, Mrs. W. L. Dean; Treasurer, Mrs. M. D. Swayze.

Mrs. Mabel Lippman announced that plans are being made to hold a round-up of children who will be entered in first grade in the fall.

Room count awards for attendance went to Miss Windham in the lower grades and to Mrs. Stewart's room in the upper grades.

The meeting was adjourned and the parents and teachers enjoyed coffee and pie a-la-mode served in the cafeteria by the Hospitality Committee with Mrs. C. H. Bird as chairman.

## Wins Fashion Citation

Cyd Charisse will receive the Harper's Bazaar 1957 Fashion Citation as the motion picture artist who has contributed the most to the world of fashion on NBC's Wide World on March 31st. Dinah Shore has been chosen as the television artist to receive the award and the theatre representative will be announced shortly. Miss Charisse, starring in MGM's "Silk Stockings," was chosen by the board of editors of the magazine headed by Mrs. Carmel Snow, editor-in-chief.

## Calypso Craze Spreads To Women Fashions

By GAY PAULEY

NEW YORK (UP) — Down in the land of de wild calypso, Where de men and gals all swing de hips so.

They're inspiring clothes with the colors so hot — And when you go to yonkee store, dey say: "We got."

This, in makeshift calypso-ese, is what is happening in women's fashions. U.S. designers, going along with the calypso craze, are turning out everything from sports clothes to jewelry in the styles and hot colors of the Caribbean.

If the trend continues, as it promises to, by summer you'll need a program to tell us from the natives.

## The Colors Blaze

One of the first calypso fashions to come to market was a girl's shirt worn as Harry Belafonte wears a shirt — casually open at the throat, and knotted at the waistline. No buttons.

The shirt is one style in a complete line of calypso clothes from the sportswear firm, Reid and Reid. It teams skinny trousers in white china cloth with hot orange or Caribbean blue blouses, printed with names of Jaican resorts and hotels. Or, full skirts in the prints are worn with the all-white shirts.

Some of the hottest colors, and unusual combinations, come from a cotton knit-wear firm, Aileen. It features a scoop neck shirt, called "Calypso," in multi-color vertical stripes. Some of the combinations: royal blue, emerald, lime and pale blue; coral, lemon yellow, pink and orange; purple, fuchsia, lilac and red.

## Full Skirt Popular

"Slim-jim" trousers, dubbed "Trinidadians," come in solid shades, picking up one shade of W. D. Lee, Jr., and Miss Bess the shirts. The firm also features

Jamaica shorts (longer than briefs, shorter than bermudas, in the same solid tones).

The full skirt, done with ruffled tiers, is another calypso fashion included in several lines. Designer Hannah Troy shows a bold yellow cotton dress, with camisole top, and a ruffled tiered skirt.

Elfrede - visioni does a sleeved cape with ruffle back.

The tropical mood includes purses, some of them done in thatch-type straw decorated with bouquets of tropical flowers; in belts, some of which are decorated with miniature calypso dancers; and in jewelry, where bright pink and turquoise are leading

colors.

## Y-Ves Club Of The YWCA Meet

The Y-VES' Club of the YWCA had a most interesting and informative program for their regular

club meeting: the club visited the Cerebral Palsy School at Selman Field. Each part of the school, the occupational therapy, physical therapy, speech therapy, and educational facilities was visited

and explained by the special therapist or teacher. This explanation and information made the members of the club realize the great service this school renders this community and how important it is to have such a resource for meeting the needs of the area. The club during its business meeting made plans to assist the YWCA Building Committee in beautifying the kitchen facilities at the YWCA.

Those who attended the meeting were: Mrs. W. G. Bartlett, Mrs. Everett G. Heller, Mrs. Donald Logan, Mrs. E. B. Frantom, Mrs. Harry Liner, Mrs. W. E. McGough, Mrs. Hewitt B. Johnson, Mrs. Klien Crow, Mrs. H. W. Kight, Mrs. Richard Lorenzen, Mrs. Otto Zend, Mrs. W. K. Loomis, Jr., Mrs. Ben Carroll, Mrs. shades, picking up one shade of W. D. Lee, Jr., and Miss Bess Sharp.

## WHY GROW OLD Watch Your Back View, Others Do

By JOSEPHINE LOWMAN

Sometimes an exit is more important than an entrance! Then too, that most important man is often behind us, pulling out our chair or following us through doors and down aisles.

Since we seldom see ourselves backview we may forget that others see us from that angle many times during each 24 hours. Today I am going to list a few things to check on concerning your back view.

1. If your belt is too tight or too wide it will make those pads of fat just below the waistline in the back appear more prominent. Belts which dip down a bit in the back are slimming and a graceful rear view.

2. Your shoes may look well groomed from view but be scuffed at the heels. This is often a result of driving a car. Naturally heels which are run over ruin the view in question.

3. Many women have an attractive hairdo front and side view but it may be sloppy, rugged, poorly groomed or unbecoming backview. The woman who has a short neck should not wear her hair long in the back. Neither should she wear high collars. Both make her neck look shorter than it actually is and may entirely hide it from view.

4. Be sure that your skirts do not need pressing. Often this is essential because of sitting, even when the dress as a whole is not wrinkled.

5. Of course crooked stocking seams are most awkward and can make a lovely leg look deformed. The seams may be straight when you first put your stockings on but may pull out of line after moving about a bit. It is a good idea to look at them in a mirror just before you go out.

6. You may look slim from the front but out of proportion rearview because of fatty deposits on the upper hips and thighs. Exercise will improve this situation greatly.

7. Any defects in the way you walk will be emphasized from backview. A walk which is not graceful and smooth is reflected in wobbling or switching or bouncing hips.

Also, the truth of the business is that people just naturally look at us more critically from this position because they are not diverted by our facial expressions, and also can stare at us without being rude.

A house is built from the foundation up, but it should get its exterior scheme color from the roof down, color stylists say. Asphalt shingles, which come in many colors, including solids, blends, deep tones and pastels, give many color consultants a "key," from which to plan harmonizing colors on the rest of the house.

Creaming tuna fish? You may use the oil in the can as part or all of the fat called for in the sauce recipe.

## The Henry Mayo Home Setting For Meeting Of The La Vingt Club

Mrs. Henry Mayo invited members of the La Vingt Club to meet at her home on Lakeside Drive on the afternoon of March 20th. Beautiful arrangements of camellias, azaleas and spirea were much in evidence in her lovely home. Mrs. George Phebus was hostess for the afternoon.

Mrs. A. D. Bernhardt, president, opened the business meeting and led the members in the reading of the Club Collect. Roll was called and minutes of the previous meeting read and approved. Mrs. Bernhardt welcomed a guest of the club, Mrs. Tigner Conger. Mrs. William Crow introduced Mrs. Mayo giving a background of her accomplishments. Mrs. Mayo exhibited several of her paintings and gave a short talk on the subject of painting. A question and answer period followed.

The hostess, Mrs. Phebus, served refreshments to the following: Mrs. Henry Mayo, Mrs. A. D. Bernhardt, Mrs. D. E. Bivins, Jr., Mrs. Ralph Caldwell, Mrs. William Crow, Mrs. A. Petrus, Mrs. T. H. Scott, Mrs. W. O. Webb, Mrs. Paul Ozmert, Mrs. J. W. Richards, Mrs. Walter Knapp, Mrs. Vergil Reitzel, Mrs. Tigner Conger and Mrs. Joe Gorman.

## Building Permits

Three building permits were issued yesterday by Sam H. Aul, building inspector for the city of Monroe. They were:

J. E. Hart, an addition to a residence at 609 1/2 Georgia, \$400.

Sherouse Realty Co. to move a frame dwelling from 801 S. 2nd street to 1809 Renaud.

Mrs. Julia Head, a brick veneer residence at 3901 Spurgeon Drive, \$8,500.

## Real Estate Transfers

The following real estate transfers were on record in the office of the Ouachita parish clerk of court Thursday.

George R. Haddad sold to Melvin Eugene Luse lot 5 of Melville Hunter subdivision for \$15,505.30.

Bertis Edward Rayburn sold to F. C. Campbell lot 5 of square 1 of the K. C. Corporation's subdivision for \$1,100.

Mrs. Frances Zagone Adragna, et al, sold to John Zagone a certain lot in Filhiol's second or Guinea addition to Monroe for \$15,500.

Jehu Gallaspy, et al, sold to Mary Obie C. Granger lot 24 of block 1 of Gallaspy's addition for \$500.

Lloyd Morris Guthrie sold to Bobbie T. Hinton the north 42 feet of lot 5 and the south 23 feet of lot 4, block 76-A of the Ouachita Cotton Mills second addition to the City of Monroe for \$500.

Jasper W. Boggan, Jr., et al, sold to Henry Leonard Godwin lot 13 of block 30 of unit 6 of the H. M. McGuire's Highland park for \$9,650.

Marie Chambers sold to Alton Gant, et al, all of her undivided interest in that part of the John Blanton tract in Ouachita parish for \$150.

Guy T. Elliott sold to Lee Edward Crawford lot 1 of Elliott's Mount Vernon subdivision for \$600.

Biedenharn Realty Company, Inc., sold to James E. Kelly, et al, lot 3 of block 4 of the Oak Park addition to the City of Monroe for \$3,500.

## City Courts

Judge W. M. Harper in Monroe city court yesterday fined Ruth

## ARMED FORCES

V CORPS, Germany (AHTNC)—Sergeant First Class Andrew W. Sherrard Jr., whose wife, Helen, and parents live in Grambling, La., is en route to the U. S. as part of "Operation Gyroscope," the army's unit rotation plan.

Sergeant Sherrard is a member of the 826th tank battalion, formerly located in Germany, which is replacing the 714th tank battalion at Fort Benning, Ga.

A platoon sergeant in the battalion's Company A, the sergeant arrived in Europe in May 1955. He is a veteran of 14 years of army service.

The boxer who was knocked down ten times during a recent bout deserves no sympathy. It was his own fault — he kept getting up.

## DIED WITH BOOTS ON

### Negro's Request To Have Boots Removed At Execution Denied

MONTGOMERY, Ala. (AP)—A 57-year-old Negro died with his boots on in the electric chair today after a last request to have them taken off was denied.

Clarence Johnson went to his death calmly at Kilby Prison at 12:05 a.m. (CST) for the shotgun slaying of a white man.

"I don't want to die with my shoes on," Johnson said as he sat strapped in the electric chair. "Take my shoes off."

A guard started to remove the condemned man's shoes but Lynch Alford, the prison's chief steward, waved him away.

The current was turned on and three and a half minutes later Johnson was pronounced dead.

Gov. James E. Folsom turned down Johnson's plea for clemency.

## RIPLEY'S—Believe It Or Not

A SALMON MARKED AND RELEASED IN ALASKA WAS CAUGHT 42 DAYS LATER IN KAMCHATKA—MORE THAN 1,000 MILES AWAY.

FOR WHOM EVEN A KING COULD NOT WIN MERCY

DR. WILLIAM DODD (1729-1777) WAS HANGED FOR FORGERY ON JUNE 27, 1777. ALTHOUGH KING GEORGE III PETITIONED HIS OWN SECRETARY OF WAR TO COMMUTE THE SENTENCE.

## Scientists Claim 'Positive Link' In Cancer, Smoking

NEW YORK, March 22 (AP)—A study group of seven scientists reported today there is a direct relationship between cigarette smoking and lung cancer.

"Lung cancer occurs much more frequently (5 to 15 times) among cigarette smokers than among nonsmokers, and there is a direct relationship between the amount smoked and the incidence of lung cancer and the amount smoked," the report said.

Two sponsors of the study group, the American Cancer Society and the American Heart Assn., issued statements saying they had not yet studied nor evaluated the report.

The tobacco industry declared the report "apparently offers no original evidence." It said the report relies heavily on statistics that have been "widely questioned by other scientists as to their significance."

The report of the study group said in part:

"It is estimated that on a lifetime basis, 1 of every 10 men who smoke over two packs a day will die of lung cancer. The comparable risk among nonsmokers is estimated at 1 out of 275."

"The sum total of scientific evidence establishes beyond reasonable doubt that cigarette smoking is a causative factor in the rapidly increasing incidence of human epidermoid carcinoma of the lung."

It said, however, that studies indicate "that cigarette smoking cannot account for all cases" of lung cancer.

The report said there is no convincing evidence that smoking per se has a causative role in heart disease but said "further systematic investigation is essential."

## Report Moves To Settle Big British Strike

LONDON, March 22 (AP)—Negotiators today rolled back the threat of Britain's worst labor walkout in 31 years. They reported finding a basis for settling a shipyard strike and averting one on the railways.

Still hanging over the troubled nation was a series of strikes scheduled to begin snowballing across the land tomorrow in Britain's key heavy industries.

This was the situation on the three labor fronts:

SHIPYARDS—Union and shipbuilders reached a basis for negotiating an end to the six-day-old strike of 200,000 workers.

Details were not reported. The workers average \$36.24 a week and have demanded a 10 per cent increase. Talks resume Monday but meantime the strike still shuts down Britain's 70 shipyards.

RAILROADS—Union and government reached agreement for a 5 per cent wage increase for Britain's 370,000 railroad workers, erasing the threat of a strike. The workers had demanded a 10 per cent increase. Their wage now averages from \$20.02 to \$30.60 weekly.

MANUFACTURING—About 2½ million workers want a 10 per cent increase to their \$36.24 weekly average wage. They threatened to begin gradually closing down 4,300 automobile, aviation, electrical, machine tool and other factories in Britain. One million were set to strike Saturday.

The average wage and increases demanded go farther in Britain than would their dollar equivalents in the United States because of the lower living costs in this tight little island.

There was hope that the industrial walkout could be headed off. The shipyard workers are members of the giant Confederation of Shipbuilding and Engineering Unions. The Confederation also is masterminding the industrial walkouts.

Prospects of an imminent settlement in the shipyard dispute could affect union plans to shut down all Britain's major manufacturing plants by April 6.

## 80 Students Attend Neville Press Meet

Approximately 80 students from high schools throughout north Louisiana yesterday heard as a portion of the Neville High School press-day conference an interesting symposium discussion on "What's New in Journalism."

This conference, sponsored by the Neville Sizzler, student newspaper, drew representatives of two of the south's leading publishing firms (yearbooks), a local and out-of-town photographic consultant in addition to a number of newspaper speakers.

The discussion presented by the Sizzler centered around the high school press work and the new developments which have appeared therein in the past few years.

Featured in the discussion were Warren Taylor, Sizzler Editor, Ann Landry, Sizzler Business Manager, and Sammy R. Danna, Sizzler sponsor and director of the press event.

Other students who contributed in making the conference a success in its planning and actual operation were: Margaret Posey, Stanley Wyatt, Keith Nix, Bill Hodge, Richard Ringheim, Jimmy Godfrey, Patsy Cooper, Warren Lassiter, Drury Bynum and Carriek Inabnett.

You may not have heard anybody mention the atom bomb, but doubtless you have heard dozens refer to the Adam bomb.

## HEADED STUDY

Dr. F. M. Strong, 43 University of Wisconsin biochemistry professor and chairman of scientist study body reporting on cigarette smoking and cancer. He has been at U. W. since Syracuse graduation in '29. (AP Wirephoto)

## Press Search For Those Who Shot Insulators

The Ouachita parish sheriff's department yesterday intensified a search for persons shooting insulators on high voltage lines of Louisiana Power and Light Company.

Sheriff Bailey Grant yesterday afternoon said the company replaced 28 insulators in one day. All were shot by small caliber rifles, officers said.

Authorities stated they were intensifying their search for individuals suspected in the case.

## DIED WITH BOOTS ON

## Negro's Request To Have Boots Removed At Execution Denied

MONTGOMERY, Ala. (AP)—A 57-year-old Negro died with his boots on in the electric chair today after a last request to have them taken off was denied.

Clarence Johnson went to his death calmly at Kilby Prison at 12:06 a.m. (CST) for the shotgun slaying of a white man.

"I don't want to die with my shoes on," Johnson said as he sat strapped in the electric chair. "Take my shoes off."

A guard started to remove the condemned man's shoes but Lynch Alford, the prison's chief steward, waved him away.

The current was turned on and three and a half minutes later Johnson was pronounced dead.

Gov. James E. Folsom turned down Johnson's plea for clemency.

Johnson protested that witnesses in his favor were barred from his trial. He said he was convicted for slaying Homer Smith on New Year's Day in 1956 on the testimony of one man "who was implicated" with Smith.

Smith worked at a sawmill near Camden and also as a parttime collector for a loan company.

Testimony at the trial brought out that Smith had gone to a night spot operated by Johnson to collect some money Johnson owed the loan company. Johnson said Smith cursed him and that the slaying took place when Smith, seated in a truck, reached for a gun.

Circuit Solicitor Blanchard McLeod said Johnson had served a previous term for murder.

## Scientists Claim 'Positive Link' In Cancer, Smoking

NEW YORK, March 22 (AP)—A study group of seven scientists reported today there is a direct relationship between cigarette smoking and lung cancer.

"Lung cancer occurs much more frequently (5 to 15 times) among cigarette smokers than among nonsmokers, and there is a direct relationship between the incidence of lung cancer and the amount smoked," the report said.

Two sponsors of the study group, the American Cancer Society and the American Heart Assn., issued statements saying they had not yet studied nor evaluated the report.

The tobacco industry declared the report "apparently offers no original evidence." It said the report relies heavily on statistics that have been "widely questioned by other scientists as to their significance."

The report of the study group said in part:

"It is estimated that on a lifetime basis, 1 of every 10 men who smoke over two packs a day will die of lung cancer. The comparable risk among nonsmokers is estimated at 1 out of 275."

"The sum total of scientific evidence establishes beyond reasonable doubt that cigarette smoking is a causative factor in the rapidly increasing incidence of human epidermoid carcinoma of the lung."

It said, however, that studies indicate "that cigarette smoking cannot account for all cases" of lung cancer.

The report said there is no convincing evidence that smoking per se has a causative role in heart disease but said "further systematic investigation is essential."

## Report Moves To Settle Big British Strike

By GEOFFREY MILLER

LONDON, March 22 (AP)—Negotiators today rolled back the threat of Britain's worst labor walkout in 31 years. They reported finding a basis for settling a shipyard strike and averting one on the railways.

Still hanging over the troubled nation was a series of strikes scheduled to begin snowballing across the land tomorrow in Britain's key heavy industries.

This was the situation on the three labor fronts:

SHIPYARDS—Union and shipbuilders reached a basis for negotiating an end to the six-day-old strike of 200,000 workers.

Details were not reported. The workers average \$36.24 a week and have demanded a 10 per cent increase. Talks resume Monday but meantime the strike still shuts down Britain's 70 shipyards.

RAILROADS—Union and government reached agreement for a 5 per cent wage increase for Britain's 370,000 railroad workers, erasing the threat of a strike. The workers had demanded a 10 per cent increase. Their wage now averages from \$20.02 to \$30.60 weekly.

MANUFACTURING—About 2½ million workers want a 10 per cent increase to their \$36.24 weekly average wage. They threatened to begin gradually closing down 4,300 automobile, aviation, electrical, machine tool and other factories in Britain. One million were set to strike Saturday.

The average wage and increases demanded go farther in Britain than would their dollar equivalents in the United States because of the lower living costs in this tight little island.

There was hope that the industrial walkout could be headed off. The shipyard workers are members of the giant Confederation of Shipbuilding and Engineering Unions. The Confederation also is masterminding the industrial walkouts.

Prospects of an imminent settlement in the shipyard dispute could affect union plans to shut down all Britain's major manufacturing plants by April 6.

## 80 Students Attend Neville Press Meet

Approximately 80 students from high schools throughout north Louisiana yesterday heard as a portion of the Neville High School press-day conference an interesting symposium discussion on "What's New in Journalism."

This conference, sponsored by the Neville Sizzler, student newspaper, drew representatives of two of the south's leading publishing firms (yearbooks), a local and out-of-town photographic consultant in addition to a number of newspaper speakers.

The discussion presented by the Sizzler centered around the high school press work and the new developments which have appeared therein in the past few years.

Featured in the discussion were Warren Taylor, Sizzler Editor, Ann Landry, Sizzler Business manager, and Sammy R. Danna, Sizzler sponsor and director of the press event.

Other students who contributed in making the conference a success in its planning and actual operation were: Margaret Posey, Stanley Wyatt, Keith Nix, Bill Hodges, Richard Ringheim, Jimmy Godfrey, Patsy Cooper, Warren Lassiter, Drury Bynum and Carrick Inabnet.

You may not have heard anybody mention the atom bomb, but doubtless you have heard dozens refer to the Adam bum.

## Press Search For Those Who Shot Insulators

The Ouachita parish sheriff's department yesterday intensified a search for persons shooting insulators on high voltage lines of Louisiana Power and Light Company.

Sheriff Bailey Grant yesterday afternoon said the company replaced 28 insulators in one day. All were shot by small caliber rifles, officers said.

Authorities stated they were intensifying their search for individuals suspected in the case.

# Hope Fades Fast For 67 Persons Aboard Transport

TOKYO, Saturday, March 23 (UPI)—Hope faded fast Saturday for the safety of 67 Americans aboard a C-97 military transport plane that went down in the Gale-Sweep Pacific southwest of Japan early Friday without a signal of distress.

An all-night air search failed to find a trace of the huge four-engine transport that disappeared as it was nearing the Japanese coast on a routine flight from Travis Air Force Base in California.

Seventy planes, and a fleet of Naval and fishing vessels combed 75,000 square miles of the Pacific in the second day of one of the biggest searches in U.S. Air Force history. Fog and low clouds that limited visibility Friday had disappeared.

**ONE WOMAN ABOARD**

But the rescue armada was working against long odds. Some veteran Air Force men doubted the plane, a military version of the Boeing Strato-Cruiser, could have survived a ditching in the stormy sea where 65-mile-an-hour winds whipped up 30-foot swells Friday.

The plane carried 37 air force personnel, including the crew of nine men and one woman. Also aboard were 17 Army men, 10 Navy personnel, two male civilian employees and one woman dependent.

The missing transport was the second plane which the passengers and crew boarded Tuesday night at Travis Base. The first plane, also a C-97, was found to have a "minor maintenance problem" as it prepared to take-off and officers decided to substitute

## Report Woman From Coughatta On Transport

WASHINGTON, March 22 (UPI)—The Pentagon made public today a partial list of personnel aboard the four-engine C-97 transport which is reported missing in the Pacific.

The list included these Army personnel:

Pvt. Grady E. Riley, son of Mr. and Mrs. Rufus E. Riley, Route A, Perkins, Miss.

Pvt. Andrew Rue Jr., husband of Mrs. Carletta H. Rue, 2631 Mistetoe St., New Orleans, La., and son of Mr. and Mrs. Andrew Rue Sr., 2725 Charbonnet St., New Orleans.

Pvt. Gene R. Smith, son of Mr. and Mrs. Everett Smith, Russellville, Ark.

Air Force personnel included: 1st Lt. Richard E. Russum, son of Mr. and Mrs. Robert L. Russum, 321 Decelle St., Jackson, Miss.

Mrs. Hazel Arnoldi, civilian who is the wife of Col. Louis B. Arnoldi, Hdqrs. 5th Air Force, Tokyo, and daughter of Mrs. Norma L. Hunter, Route 2, Coushatta, La.

Airman 2.C. James G. Nichols, son of Mr. and Mrs. George G. Nichols, Route 1, Brantley, Ala.

The plane which later was lost.

**'NORMAL REPORT' LAST HEARD**

The plane made a stop at Wake Island en route and the pilot last reported at 12:45 a.m. Friday (9:45 a.m. Thursday CST)—only 90 minutes and 250 miles away from its Tokyo destination.

The message was a "normal report" saying the transport was then in "A-one condition." An Air Force spokesman said the C-97 carried only enough fuel to stay up until 6 a.m. Friday (3 p.m. Thursday CST).

Forty-eight U.S. Air Force and Navy planes scoured an estimated 54,000-square-mile sector of the ocean Friday but found no trace of the transport.

Hopes rose briefly Friday afternoon when they were dashed when a sighted "liferaft" turned out to be an overturned rowboat, with a bit of straw matting floating alongside.

The C-97 was the 6th U.S. military plane to crash or disappear in the Far East in the past month.

A total of 42 men were killed or listed as missing in the previous disasters.

**Judge Convicts 28 Men, Break Whisky Empire**

By CHARLES WEST

STATESVILLE, N. C., March 22 (UPI)—Federal Judge Wilson Warlick, sitting as both judge and jury, today convicted 28 men and

tumbled a multi-million dollar whisky empire.

The sentences ranged from fines of \$5,000 and two years in jail to fines of \$500.

The whisky ring, which operated between January, 1951, and January, 1955, had its center in a warehouse behind the Silver Moon Cafe near Taylorsville with arms stretching into Washington, D. C., Virginia, Tennessee, South Carolina, Georgia, Florida, Mississippi and Louisiana. The government "conservative" estimate of the ring's volume of business totaled 2 1/2 million dollars.

Two-year jail sentences and \$5,000 fines went to Ralph Burgess of Taylorsville and Wayne Watson of Lenoir, two of the ring leaders, and a \$5,000 fine and suspended jail sentence to Gratton Burgess of Taylorsville, the third man in the whisky triumvirate.

Both Ralph Burgess and Watson are serving sentences in North Carolina prisons for complicity in the kidnapping and beating of Kenneth J. Hoglen of Lenoir, a ring member whose government testimony shattered the syndicate. Also serving sentences growing out of that incident are Travis Triplett of North Wilkesboro, Richard (Fats) Neil Davis of Caldwell County and James Frank Martin of Lenoir.

Judge Warlick sentenced Triplett, Davis and Martin to an additional 18 months in prison and no fine.

Hoglen, because of his testimony, drew a two-year suspended sentence.

**Israel Blames Hammarskjold For Egyptian Reoccupation**

TEL AVIV, Israel, March 22 (UPI)—Israeli Foreign Minister Golda Meir placed the blame for Egyptian reoccupation of the Gaza Strip squarely upon UN Secretary General Dag Hammarskjold Friday. She said it would be up to him to put an end to Egypt's state of war with Israel.

Mrs. Meir returned to Israel from the United States almost a full day behind schedule because she was delayed in Paris by bad weather and made a brief stop over in Rome.

She planned to report immediately to Prime Minister David Ben-Gurion on her meetings in New York and Washington earlier this week with Hammarskjold, U.S. Secretary of State John Foster Dulles and U.S. Ambassador Henry Cabot Lodge.

**THANKFUL OF U.S. STAND**

Mrs. Meir had nothing but praise for the United States when she talked to newsmen who met her at Lydda airport here.

She said the United States had not backed down on its promises regarding the Gaza Strip and the Gulf of Aqaba. Instead, she said she was gratified to learn the U.S. government stood fast on its commitments to Israel and even offered to call on Israel to take part in implementing U.S. policy.

During her brief stop in Rome, the foreign minister said she handed the United States a new plan for the solution of the Israeli-Arab conflict. She refused to disclose the details, but said it included policing the Gaza Strip by the UN Emergency Force (UNEF) holds the key.

Mrs. Meir made it clear she blamed the present situation in Gaza on Hammarskjold and said the test of his current mission to Egypt would be whether he could get a clear understanding from President Gamal Abdel Nasser to end the state of war with Israel.

She emphasized the United Nations—and not the United States—held the key to peace in the Middle East and warned that UN "officials" would be held responsible if there was a recurrence of

misunderstanding and confusion such as that which followed Israel's withdrawal from Gaza.

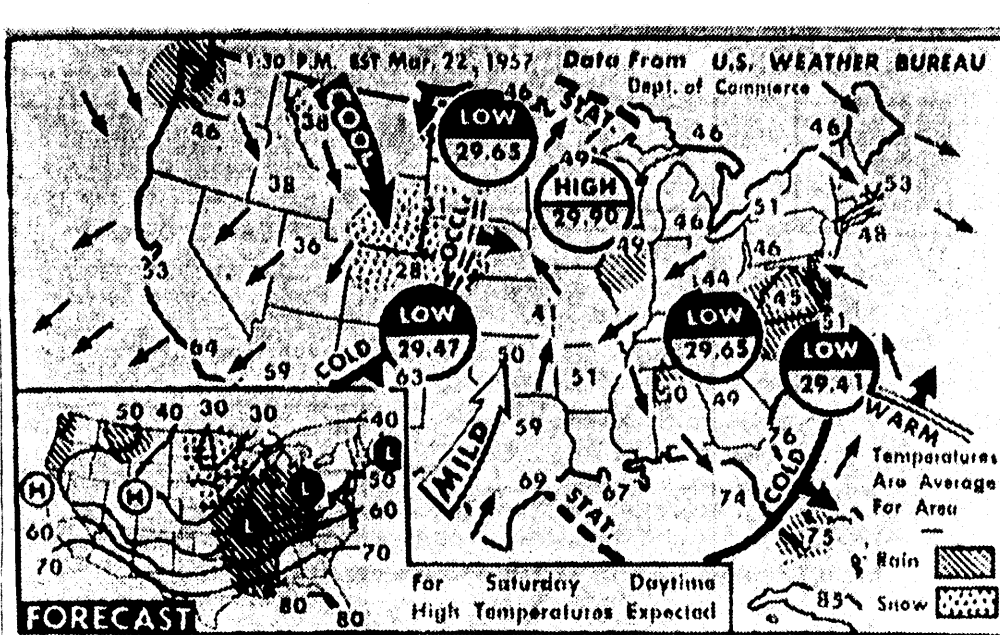

Israeli sources in Jerusalem said Mrs. Meir made no progress in her New York talks with Hammarskjold, who maintained that Egypt had full rights to Gaza. Israel's contention was that it should remain in the hands of the United Nations until Egypt withdraws its state of war with Israel.

**'INTERNATIONAL HOAX'**

In Jerusalem Friday a foreign ministry spokesman termed the Gaza Strip an "international hoax."

In a review of the situation, he charged that never for a moment since the Israeli withdrawal had the United Nations exclusively administered the area. He said Hammarskjold's statement of Feb. 22 led Israel to believe the UNEF would maintain full control in the area after Israeli troops returned home.

Meanwhile, another foreign ministry spokesman in Tel Aviv denied Egyptian charges that Israeli forces massacred 36 Arab civilians in the Gaza Strip.

**WEATHER FORECAST**

Rain is forecast Saturday for most of Ohio and Tennessee Valleys, part of middle Mississippi Valley, Michigan and Wisconsin. Snow is expected in portions of northern plains and upper Mississippi Valley. Showers and possibly thunderstorms are predicted for part of middle and lower Mississippi Valley, Kansas and Oklahoma, with showers possible west of Cascades. Rest of country will be generally fair. (AP Wirephoto Map)

## Israel Blames Hammarskjold For Egyptian Reoccupation

TEL AVIV, Israel, March 22 (UPI)—Israeli Foreign Minister Golda Meir placed the blame for Egyptian reoccupation of the Gaza Strip squarely upon UN Secretary General Dag Hammarskjold Friday. She said it would be up to him to put an end to Egypt's state of war with Israel.

Meanwhile, another foreign ministry spokesman in Tel Aviv denied Egyptian charges that Israeli forces massacred 36 Arab civilians in the Gaza Strip.

**Trials Set On Four Gambling Suspects**

Four persons charged with gambling today were arraigned for trial March 29 in district court. They all entered not guilty pleas in misdemeanor court.

Arraigned were W. H. Smith, Wilds F. Ross, Richard Hampton and James A. Schaeffer. James R. Shaw, also charged with gambling, did not appear for arraignment.

James P. Hardy, charged on two counts of selling beer without a permit, pleaded not guilty and his case was set for a preliminary hearing April 9.

A gambling case against James Roosevelt was dismissed.

Gambling charges against Willie T. Straughton and Ivory T. Riley were not pressed.

# Hope Fades Fast For 67 Persons Aboard Transport

TOKYO, Saturday, March 23 (UP)—Hope faded fast Saturday for the safety of 67 Americans aboard a C-97 military transport plane that went down in the gale-swept Pacific southwest of Japan early Friday without a signal of distress.

An all-night air search failed to find a trace of the huge four-engine transport that disappeared as it was nearing the Japanese coast on a routine flight from Travis Air Force Base in California.

Seventy planes, and a fleet of Naval and fishing vessels combed 75,000 square miles of the Pacific in the second day of one of the biggest searches in U.S. Air Force history. Fog and low clouds that limited visibility Friday had disappeared.

**ONE WOMAN ABOARD**  
But the rescue armada was working against long odds. Some veteran Air Force men doubted the plane, a military version of the Boeing Strato-Cruiser, could have survived a ditching in the stormy sea where 65-mile-an-hour winds whipped up 30-foot swells Friday.

The plane carried 37 air force personnel, including the crew of nine men and one woman. Also aboard were 17 Army men, 10 Navy personnel, two male civilian employees and one woman dependent.

The missing transport was the second plane which the passengers and crew boarded Tuesday night at Travis Base. The first plane, also a C-97, was found to have a "minor maintenance problem" as it prepared to take-off and officers decided to substitute

the plane which later was lost. 'NORMAL REPORT' LAST HEARD

The plane made a stop at Wake Island en route and the pilot last reported at 12:45 a.m. Friday (9:45 a.m. Thursday CST)—only 90 minutes and 250 miles away from its Tokyo destination.

The message was a "normal report" saying the transport was then in "A-one condition." An Air Force spokesman said the C-97 carried only enough fuel to stay up until 6 a.m. Friday (3 p.m. Thursday CST).

Forty-eight U.S. Air Force and Navy planes scoured an estimated 54,000-square-mile sector of the ocean Friday but found no trace of the transport.

Hopes rose briefly Friday afternoon but were dashed when a sighted "liferaft" turned out to be an overturned rowboat, with a bit of straw matting floating alongside.

The C-97 was the 6th U.S. military plane to crash or disappear in the Far East in the past month. A total of 42 men were killed or listed as missing in the previous disasters.

**Judge Convicts  
28 Men, Break  
Whisky Empire**

By CHARLES WEST  
STATESVILLE, N.C., March 22 (AP)—Federal Judge Wilson Warlick, sitting as both judge and jury, today convicted 28 men and turned a multi-million dollar whisky empire.

The sentences ranged from fines of \$5,000 and two years in jail to fines of \$500.

The whisky ring, which operated between January, 1951, and January, 1955, had its center in a warehouse behind the Silver Moon Cafe near Taylorsville with arms stretching into Washington, D.C., Virginia, Tennessee, South Carolina, Georgia, Florida, Mississippi and Louisiana. The government "conservative" estimate of the ring's volume of business totaled 214 million dollars.

Two-year jail sentences and \$5,000 fines went to Ralph Burgess of Taylorsville and Wayne Watson of Lenoir, two of the ring leaders, and a \$5,000 fine and suspended jail sentence to Gratton Burgess of Taylorsville, the third man in the whisky triumvirate.

Both Ralph Burgess and Watson are serving sentences in North Carolina prisons for complicity in the kidnaping and beating of Kenneth J. Hoglen of Lenoir, a ring member whose government testimony shattered the syndicate. Also serving sentences growing out of that incident are Travis Triplett of North Wilkesboro, Richard (Fats) Neil Davis of Caldwell County and James "rank" Martin of Lenoir.

Judge Warlick sentenced Triplett, Davis and Martin to an additional 18 months in prison and no fine.

Hoglen, because of his testimony, drew a two-year suspended sentence.

## Report Woman From Coughatta On Transport

WASHINGTON, March 22 (AP)—The Pentagon made public today a partial list of personnel aboard the four-engine C97 transport which is reported missing in the Pacific.

The list included these Army personnel:

Pvt. Grady E. Riley, son of Mr. and Mrs. Rufus E. Riley, Route A, Perkinsville, Miss.

Pvt. Andrew Rue Jr., husband of Mrs. Carletia H. Rue, 2631 Milette St., New Orleans, La., and son of Mr. and Mrs. Andrew Rue Sr., 2725 Charbonnet St., New Orleans.

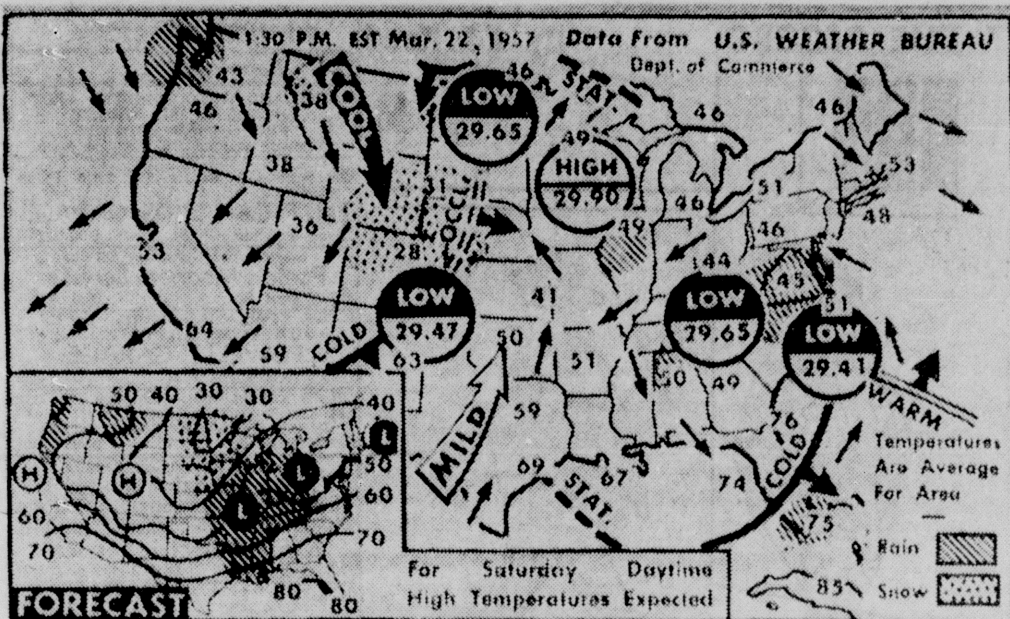

Pvt. Gene R. Smith, son of Mr. and Mrs. Everett Smith, Russellville, Ark.

Air Force personnel included:

1st Lt. Richard E. Russum, son of Mr. and Mrs. Robert L. Russum, 321 Decelle St., Jackson, Miss.

Mrs. Hazel Arnoldi, civilian who is the wife of Col. Louis B. Arnoldi, Hdqrs. 5th Air Force, Tokyo, and daughter of Mrs. Norma L. Hunter, Route 2, Coughatta, La.

Airman 2.C. James G. Nichols, son of Mr. and Mrs. George G. Nichols, Route 1, Brantley, Ala.

**WEATHER FORECAST**  
Rain is forecast Saturday for most of Ohio and Tennessee Valleys, part of middle Mississippi Valley, Michigan and Wisconsin. Snow is expected in portions of northern plains and upper Mississippi Valley. Showers and possibly thunderstorms are predicted for part of middle and lower Mississippi Valley, Kansas and Oklahoma, with showers possible west of Cascades. Rest of country will be generally fair. (AP Wirephoto Map)

## Israel Blames Hammarskjold For Egyptian Reoccupation

TEL AVIV, Israel, March 22 (UP)—Israeli Foreign Minister Golda Meir placed the blame for Egyptian reoccupation of the Gaza Strip squarely upon UN Secretary General Dag Hammarskjold Friday. She said it would be up to him to put an end to Egypt's state of war with Israel.

Mrs. Meir returned to Israel from the United States almost a full day behind schedule because she was delayed in Paris by bad weather and made a brief stop-over in Rome.

She planned to report immediately to Prime Minister David Ben-Gurion on her meetings in New York and Washington. Earlier this week with Hammarskjold, U.S. Secretary of State John Foster Dulles and U.S. Ambassador Henry Cabot Lodge.

**THANKFUL OF U.S. STAND**  
Mrs. Meir had nothing but praise for the United States when she talked to newsmen who met her at Lydda airport here.

She said the United States had not backed down on its promises regarding the Gaza Strip and the Gulf of Aqaba. Instead, she said, she was gratified to learn the U.S. government stood fast on its commitments to Israel and even offered to call on Israel to take part in implementing U.S. policy.

During her brief stop in Rome, the foreign minister said she handed the United States a new plan for the solution of the Israeli-Arab conflict. She refused to disclose the details, but said it included policing the Gaza Strip by the UN Emergency Force (UNEF) already in the area.

**UN HOLDS KEY**  
Mrs. Meir made it clear she blamed the present situation in Gaza on Hammarskjold and said the test of his current mission to Egypt would be whether he could get a clear understanding from President Gamal Abdel Nasser to end the state of war with Israel.

She emphasized the United Nations—and not the United States—held the key to peace in the Middle East and warned that UN "officials" would be held responsible if there was a recurrence of

misunderstanding and confusion such as that which followed Israel's withdrawal from Gaza.

Israeli sources in Jerusalem said Mrs. Meir made no progress in her New York talks with Hammarskjold, who maintained that Egypt had full rights to Gaza.

Israel's contention was that it should remain in the hands of the United Nations until Egypt withdraws its state of war with Israel.

**'INTERNATIONAL HOAX'**  
In Jerusalem Friday a foreign ministry spokesman termed the Gaza Strip an "international hoax."

In a review of the situation, he charged that never for a moment since the Israeli withdrawal had the United Nations exclusively administered the area. He said Hammarskjold's statement of Feb. 22 led Israel to believe the UNEF would maintain full control in the area after Israeli troops returned home.

Meanwhile, another foreign ministry spokesman in Tel Aviv denied Egyptian charges that Israeli forces massacred 36 Arab civilians in the Gaza Strip.

**Trials Set On Four  
Gambling Suspects**

Four persons charged with gambling today were arraigned for trial March 29 in district court. They all entered not guilty pleas in misdemeanor court.

Arraigned were W. H. Smith, Wilds F. Ross, Richard Hampton and James A. Schaeffer. James R. Shaw, also charged with gambling, did not appear for arraignment.

James P. Hardy, charged on two counts of selling beer without a permit, pleaded not guilty and his case was set for a preliminary hearing April 9.

A gambling case against James Roosevelt was dismissed.

Gambling charges against Willie T. Straughton and Ivory T. Riley were not pressed.

"Penicillin will cure a person of lion bites," says a physician. That would depend. In some cases a lion keeps biting a person until there isn't enough left of him to cure.

# STEINBECK

## Author Cause Of Uproar By Oklahomans

OKLAHOMA CITY, March 22 (UP)—Oklahoma lawmakers made arm waving speeches against author John Steinbeck Thursday after sponsors of the Oklahoma City semi-centennial exposition disclosed they are trying to bring him here to see it.

Former Gov. Johnston Murray also came in for criticism.

Only one lawmaker arose in quick protest to endorse the Steinbeck visit. Sen. George Muskovsky, Democrat, said Steinbeck might write a new book praising the state if he saw how much progress had been made since "The Grapes of Wrath."

Rep. Lou Altard (D-Drumwright), chairman of the state's semi-centennial commission, told the House he doesn't object to the author's Steinbeck speeches because they will bring more publicity to the celebration than we could buy.

"But we thought it would be good for Steinbeck to come here and say 'I'm sorry'."

Sen. Everett Collins (D-Sapulpa) interrupted Muskovsky in the Senate to suggest that Murray be invited to see the exposition also. Murray, after leaving office, wrote an article for national distribution entitled "Oklahoma is a mess."

"Oh, No," Muskovsky said. "He knows what the truth is and he's been going about it. Let's leave Johnston down in Texas."

Muskovsky said some of the things Steinbeck wrote about Oklahoma were true. Sen. Clem McSpadden (D-Nowata) suggested Muskovsky invite him to Oklahoma County but not to the other 76 counties of the state.

"I have read the works of Steinbeck and I know they were written without him having set a foot in Oklahoma," Payne said. "I would like to protest the action of the semi-centennial commission."

The commission, however, is not sponsoring the Oklahoma City exposition.

James C. Barge, director of the exposition, said Steinbeck is being sought for an appearance here this summer so that he can see "modern industrial" Oklahoma. Negotiations are being made through Steinbeck's publisher.

In the House Rep. George Nigh McAlester said Steinbeck has "done more to create a stench and smell against us than anything else."

Rep. J. H. Belvin Durant, a Choctaw Indian, said the Indians have no word for Steinbeck in their language, so they call him "stink-beck."

### Unit Leaders In King Cole Set Parleys Today

FT. POLK, La., March 22 (AP)—Unit controllers for Exercise King Cole come in from the field tomorrow for a one-day critique of their operations during a warm-up command post exercise.

King Cole is slated to begin March 27 and last through April 28. It will involve 21,000 troops. All player units for the exercise except the 101st Airborne Division will be in the area by tomorrow night.

Lt. Gen. John H. Collier will take over duties as director of King Cole Sunday. Maj. Gen. William N. Gilmore, commanding general of the Third Corps at Fort Hood, Tex., has directed the pre-exercise. Gilmore will serve as deputy director of King Cole.

Unit controllers have taken part in the warm up exercise. Ole Sale, to iron out problems in communications and in the general operation of a command post and field training exercise.

Following the critique, the controllers will join their units for the exercise.

### 11 Tech Students To Attend Debate

RUSTON, Mar. 22 (Special)—Eleven Louisiana Tech students will participate in the annual Northwestern Debate Tournament at Natchitoches this week end.

They are Lane Wells, Ruston; John Lolley, Monroe; Mary Ann Gorton, Shreveport; Ann Hendrickson, Ruston; Alan Bierbaum, Shreveport; Virginia Russell, Castor; Don Barney, Shreveport; Le-hane Cloud, Ringgold; Betty Weingart, Hamilton, Ill.; Anna Rose Webber, Alexandria; and James Lyon, Ruston.

The Techsters will enter in debate, oratory, interpretation, and extemporaneous speaking.

### Police Can't Go With His Formula

PHILADELPHIA, Mar. 22 (AP)—One traffic light pole, one electric light pole, one mailbox, a set of stone steps, a store front on three occasions, two parked cars—all were knocked down or otherwise displaced by 18-year-old Lovey Berger.

He gave police this formula: a spat with his girl, remorse, a bottle of wine, a half-gallon of beer, a pint of whisky and a 1947 automobile.

Police made another reckoning: drunken driving, hit and run, assault and battery, reckless driving, and driving without a license.
